11 (a) CONTINUED AUTHORITY TO PROVIDE FOR THE  
12 EDUCATION OF DEPENDENTS OF ARMED FORCES PER-  
13 SONNEL WHEN LOCAL AGENCIES ARE UNABLE TO PRO-  
14 VIDE ADEQUATE SERVICES (FORMER “SECTION 6  
15 SCHOOLS”).—Chapter 108 of title 10, United States  
16 Code, is amended by adding at the end the following new  
17 section:

18 **“§2163. United States Department of Defense domes-**  
19 **tic dependent elementary and secondary**  
20 **schools**

21 “(a) Upon a determination by the Secretary of De-  
22 fense that appropriate educational programs are not avail-  
23 able through local educational agencies in the United  
24 States (including its territories and possessions) for de-  
25 pendants of federally employed civilian personnel and  
26 members of the armed forces residing on Department of

1 Defense installations, the Secretary of Defense may pro-  
2 vide for the elementary and secondary education of such  
3 dependents and, under the circumstances described in sub-  
4 section (c), for certain dependents of Federal employees.

5 “(b) In making the determination required by sub-  
6 section (a), the Secretary of Defense shall consider, among  
7 other relevant factors—

8 “(1) whether such dependents are eligible for  
9 free public education in the local area of the Depart-  
10 ment of Defense installation; and

11 “(2) whether the local educational agency is  
12 able to provide a suitable educational program for  
13 such dependents. A suitable educational program, as  
14 determined by the Secretary of Defense, is a pro-  
15 gram comparable to a program of free public edu-  
16 cation provided for children in similar communities  
17 in the State, or adjacent States when the installation  
18 is adjacent to or in more than one State, or, in the  
19 case of such dependents who are in the territories or  
20 possessions of the United States, is a program of  
21 education, in the English language, comparable to  
22 free public education provided for children in the  
23 District of Columbia.

24 “(c) When the Secretary of Defense—

1           “(1) determines, under subsection (b) that a  
2           suitable program of education is not available for de-  
3           pendents of members of the armed forces who are  
4           stationed on an installation in a territory or posses-  
5           sion of the United States; and

6           “(2) institutes a program of education under  
7           the provisions of this section, dependents of Federal  
8           employees who are stationed at such installation  
9           during the school year may be enrolled in the pro-  
10          gram of education provided by the Secretary of De-  
11          fense. Dependents of Federal employees who are en-  
12          rolled in a program of education under this section  
13          and who are not living on the Department of De-  
14          fense installation may be so enrolled for no more  
15          than five consecutive school years, unless the Sec-  
16          retary of Defense determines, for good cause, that  
17          the enrollment of such dependent child of a civilian  
18          employee should be extended. Extensions may be  
19          made for one school year at a time. The Secretary  
20          of Defense shall consider the educational well being  
21          of the child in making the good cause determination  
22          for extension. The five-year limitation for education  
23          under this section shall commence with the child’s  
24          enrollment in a Department of Defense school,  
25          whether under the authority of this section or its

1 precedent authority. Upon enrollment in a school au-  
2 thorized under this section, the dependent child may  
3 continue in the school for the remainder of the  
4 school year, unless removed for good cause, notwith-  
5 standing a change in the status of the dependent's  
6 sponsor.

7 “(d) The Secretary of Defense shall provide for the  
8 formation of an elected school board for each installation  
9 where a Department of Defense elementary or secondary  
10 school is located. Such school board shall be composed of  
11 a minimum of three members, elected by the parents of  
12 students in attendance at such school. The Secretary, by  
13 regulation, shall establish procedures for carrying out such  
14 school board elections as provided in this subsection. Each  
15 school board shall conduct its formal meetings so that they  
16 are open to the public. The elected school board authorized  
17 under this section is considered a local civil group with  
18 a function of rendering a public service of providing coun-  
19 sel through oversight of school expenditures and oper-  
20 ations, subject to audit procedures established by the Sec-  
21 retary of Defense. Such boards need not comply with the  
22 Federal Advisory Committee Act (5 U.S.C. Appendix  
23 (1988)), but may close meetings in accordance with such  
24 Act.

1       “(e) The Secretary of Defense may enter into such  
2 arrangements as may be necessary to provide for the pro-  
3 grams of education authorized under this section. The  
4 Secretary of Defense may, without regard to the provi-  
5 sions of any other law relating to the number, classifica-  
6 tion, or compensation of employees—

7               “(1) establish such positions for civilian employ-  
8 ees in schools established under the provisions of  
9 this section;

10              “(2) appoint individuals to such positions; and

11              “(3) fix the compensation of such individuals  
12 for service in such positions. In fixing the compensa-  
13 tion of employees appointed by the Secretary of De-  
14 fense under this subsection, the Secretary of Defense  
15 shall consider the compensation of comparable em-  
16 ployees of the local educational agency in the capital  
17 of the State where the installation is located, in the  
18 local educational agency that provides public edu-  
19 cation to students who live adjacent to the installa-  
20 tion involved, or the average compensation for simi-  
21 lar positions in up to three other local educational  
22 agencies, as determined by the Secretary of Defense,  
23 in the State in which the installation is located. In  
24 determining the compensation for employees in  
25 schools established under this section, or its prece-

1       dent authority in the United States, the Secretary of  
2       Defense shall consider the compensation for com-  
3       parable employees in the public schools of the Dis-  
4       trict of Columbia. For employees in such schools in  
5       the territories of the United States, the Secretary of  
6       Defense also may arrange for the tenure, leave,  
7       hours of work, and other incidents of employment,  
8       without regard to the relevant provisions in title 5,  
9       United States Code, for such activities, on a similar  
10      basis as is provided for comparable positions in the  
11      public schools of the District of Columbia.

12      “(f) When the Secretary of Defense provides edu-  
13      cational services to the dependent child or children of the  
14      personnel of another Federal agency, upon the request of  
15      the Secretary of Defense, the Secretary of the other Fed-  
16      eral agency shall reimburse the Secretary of Defense for  
17      such educational services at rate routinely prescribed for  
18      such services by the Secretary of Defense. Any payments  
19      received by the Secretary of Defense under this section  
20      shall be credited to the account designated for the oper-  
21      ations of the programs of education authorized under this  
22      section.”.

1 (b) The table of sections for such Chapter is amended  
2 by inserting after the item relating to section 2162 the  
3 following new item:

“2163. United States Department of Defense dependent elementary and second-  
ary schools.”.
