2   **TITLE I—THE PRESIDIO OF SAN**  
3                                   **FRANCISCO**

4 **SEC. 101. FINDINGS.**

5       The Congress finds that—

6               (1) the Presidio, located amidst the incom-  
7       parable scenic splendor of the Golden Gate, is one  
8       of America’s great natural and historic sites;

9               (2) the Presidio is the oldest continuously oper-  
10      ated military post in the Nation dating from 1776,  
11      and was designated a National Historic Landmark  
12      in 1962;

13              (3) preservation of the cultural and historic in-  
14      tegrity of the Presidio for public use recognizes its  
15      significant role in the history of the United States;

16              (4) the Presidio, in its entirety, is a part of the  
17      Golden Gate National Recreation Area, in accord-  
18      ance with Public Law 92–589;

19              (5) as part of the Golden Gate National Recre-  
20      ation Area, the Presidio’s significant natural, his-  
21      toric, scenic, cultural, and recreational resources  
22      must be managed in a manner which is consistent  
23      with sound principles of land use planning and man-  
24      agement, and which protects the Presidio from de-

1       velopment and uses which would destroy the scenic  
2       beauty and historic and natural character of the  
3       area and cultural and recreational resources;

4               (6) removal and/or replacement of some struc-  
5       tures within the Presidio must be considered as a  
6       management option in the administration of the Pre-  
7       sidio; and

8               (7) the Presidio will be managed through an in-  
9       novative public/private partnership that minimizes  
10      cost to the United States Treasury and makes effi-  
11      cient use of private sector resources.

12 **SEC. 102. AUTHORITY AND RESPONSIBILITY OF THE SEC-**  
13 **RETARY OF THE INTERIOR.**

14       (a) INTERIM AUTHORITY.—The Secretary of the In-  
15      terior (hereinafter in this title referred to as the “Sec-  
16      retary”) is authorized to manage leases in existence on

1 of the Presidio properties which are assignable to the  
2 Trust and are terminable with 30 days notice. Prior to  
3 the transfer of administrative jurisdiction over any prop-  
4 erty to the Presidio Trust, and notwithstanding section  
5 1341 of title 31 of the United States Code, the proceeds  
6 from any such lease shall be retained by the Secretary and  
7 such proceeds shall be available, without further appro-  
8 priation, for the preservation, restoration, operation and  
9 maintenance, improvement, repair and related expenses  
10 incurred with respect to Presidio properties. The Secretary  
11 may adjust the rental charge on any such lease for any  
12 amounts to be expended by the lessee for preservation,  
13 maintenance, restoration, improvement, repair and related  
14 expenses with respect to properties and infrastructure  
15 within the Presidio.

8 the Presidio Trust, shall not be separated from the Service  
9 by reason of such transfer, unless such employee is em-  
10 ployed by the Trust, other than on detail. Notwithstanding  
11 section 3503 of title 5, United States Code, the Trust shall  
12 have sole discretion over whether to hire any such em-  
13 ployee or request a detail of such employee.

19 **SEC. 212. CUPRUM, IDAHO RELIEF.**

20 (a) FINDINGS.—The Congress finds and declares  
21 that:

22 (1) In 1899, the citizens of Cuprum, Idaho,  
23 commissioned E.S. Hesse to conduct a survey de-  
24 scribing these lands occupied by their community.

1 The purpose of this survey was to provide a basis for  
2 the application for a townsite patent.

3 (2) In 1909, the Cuprum Townsite patent  
4 (Number 52817) was granted, based on an aliquot  
5 parts description which was intended to circumscribe  
6 the Hesse survey.

7 (3) Since the day of the patent, the Hesse sur-  
8 vey has been used continuously by the community of  
9 Cuprum and by Adams County, Idaho, as the official  
10 townsite plat and basis for conveyance of title within  
11 the townsite.

12 (4) Recent boundary surveys conducted by the  
13 United States Department of Agriculture, Forest  
14 Service, and the United States Department of the  
15 Interior, Bureau of Land Management, discovered  
16 inconsistencies between the official aliquot parts de-  
17 scription of the patented Cuprum Townsite and the  
18 Hesse survey. Many lots along the south and east  
19 boundaries of the townsite are now known to extend  
20 onto National Forest System lands outside the town-  
21 site.

22 (5) It is the determination of Congress that the  
23 original intent of the Cuprum Townsite application  
24 was to include all the lands described by the Hesse  
25 survey.

1 (b) PURPOSE.—It is the purpose of this section to  
2 amend the 1909 Cuprum Townsite patent to include those  
3 additional lands described by the Hesse survey in addition  
4 to other lands necessary to provide an administratively ac-  
5 ceptable boundary to the National Forest System.

6 (c) AMENDMENT OF PATENT.—The 1909 Cuprum  
7 Townsite patent is hereby amended to include parcels 1  
8 and 2, identified on the plat, marked as “Township 20  
9 North, Range 3 West, Boise Meridian, Idaho, Section 10:  
10 Proposed Patent Adjustment Cuprum Townsite, Idaho”  
11 prepared by Payette N.F.—Land Survey Unit, drawn and  
12 approved by Tom Betzold, Forest Land Surveyor, on April  
13 25, 1995. Such additional lands are hereby conveyed to  
14 the original patentee, Pitts Ellis, trustee, and Probate  
15 Judge of Washington County, Idaho, or any successors or  
16 assigns in interest in accordance with State law. The Sec-  
17 retary of Agriculture may correct clerical and typo-  
18 graphical errors in such plat.

19 (d) SURVEY.—The Federal Government shall survey  
20 the Federal property lines and mark and post the bound-  
21 aries necessary to implement this section.

19 **SEC. 302. ANAKTUVUK PASS LAND EXCHANGE.**

20 (a) FINDINGS.—The Congress makes the following  
21 findings:

22 (1) The Alaska National Interest Lands Con-  
23 servation Act (94 Stat. 2371), enacted on December  
24 2, 1980, established Gates of the Arctic National  
25 Park and Preserve and Gates of the Arctic Wilder-

1       ness. The Village of Anaktuvuk Pass, located in the  
2       highlands of the central Brooks Range is virtually  
3       surrounded by these national park and wilderness  
4       lands and is the only Native village located within  
5       the boundary of a National Park System unit in  
6       Alaska.

7               (2) Unlike most other Alaskan Native commu-  
8       nities, the village of Anaktuvuk Pass is not located  
9       on a major river, lake, or coastline that can be used  
10      as a means of access. The residents of Anaktuvuk  
11      pass have relied increasingly on snow machines in  
12      winter and all-terrain vehicles in summer as their  
13      primary means of access to pursue caribou and  
14      other subsistence resources.

15              (3) In a 1983 land exchange agreement, linear  
16      easements were reserved by the Inupiat Eskimo peo-  
17      ple for use of all-terrain vehicles across certain na-  
18      tional park lands, mostly along stream and river  
19      banks. These linear easements proved unsatisfactory,  
20      because they provided inadequate access to subsist-  
21      ence resources while causing excessive environmental  
22      impact from concentrated use.

23              (4) The National Park Service and the  
24      Nunamiut Corporation initiated discussions in 1985  
25      to address concerns over the use of all-terrain vehi-

1       cles on park and wilderness land. These discussions  
2       resulted in an agreement, originally executed in  
3       1992 and thereafter amended in 1993 and 1994,  
4       among the National Park Service, Nunamiut Cor-  
5       poration, the City of Anaktuvuk Pass, and Arctic  
6       Slope Regional Corporation. Full effectuation of this  
7       agreement, as amended, by its terms requires ratifi-  
8       cation by the Congress.

9       (b) RATIFICATION OF AGREEMENT.—

10       (1) RATIFICATION.—

11               (A) IN GENERAL.—The terms, conditions,  
12       procedures, covenants, reservations, and other

14       “Donation, Exchange of Lands and Interests in  
15       Lands and Wilderness Redesignation Agree-  
16       ment Among Arctic Slope Regional Corpora-  
17       tion, Nunamiut Corporation, City of Anaktuvuk  
18       Pass and the United States of America” (here-  
19       inafter referred to in this section as “the Agree-  
20       ment”), executed by the parties on December  
21       17, 1992, as amended, are hereby incorporated  
22       in this title, are ratified and confirmed, and set  
23       forth the obligations and commitments of the

18          Park and Preserve”, Map No. 185/80,039, dated  
19          April 1994, and on file at the Alaska Regional Office  
20          of the National Park Service and the offices of  
21          Gates of the Arctic National Park and Preserve in  
22          Fairbanks, Alaska. Written legal descriptions of  
23          these lands shall be prepared and made available in

7 amended with the addition of approximately  
8 56,825 acres of wilderness and the rescission of

10 revising the Gates of the Arctic Wilderness to  
11 approximately 7,034,832 acres.

3       Rights.

4               (B) If the value of the Federal property to be  
5       exchanged is less than the value of the Selection  
6       Rights established in subsection (b), and if such  
7       Federal property to be exchanged is not generating  
8       receipts to the Federal Government in excess of  
9       \$1,000,000 per year, then the Secretary may ex-  
10      change the Federal property for that portion of the  
11      Selection Rights having a value equal to that of the  
12      Federal property. The remaining selection rights  
13      shall remain available for additional exchanges.

14              (C) For the purposes of any exchange to be  
15      consummated under this section, if less than all the  
16      selection rights are being exchanged, then the value  
17      of the selection rights being exchanged shall be equal  
18      to the number of acres of selection rights being ex-  
19      changed multiplied by a fraction, the numerator of  
20      which is the value of all the selection rights as deter-  
21      mined pursuant to subsection (b) hereof and the de-  
22      nominator of which is the total number of acres of  
23      selection rights.

24              (2) ADDITIONAL EXCHANGES.—If, after 10  
25      years from the date of the enactment of this section,

1 the Secretary was unable to conclude such exchanges  
2 as may be required to acquire all of the selection  
3 rights, he shall conclude exchanges for the remaining  
4 selection rights for such Federal property as may be  
5 identified by Koniag, which property is available for  
6 transfer to the administrative jurisdiction of the Sec-  
7 retary under any provision of law and which prop-  
8 erty, at the time of the proposed transfer to Koniag  
9 is not generating receipts of the Federal Government  
10 in excess of \$1,000,000 per year. The Secretary  
11 shall keep Koniag advised in a timely manner as to  
12 which properties may be available for such transfer.  
13 Upon receipt of such identification by Koniag, the  
14 Secretary shall request in a timely manner the  
15 transfer of such identified property to the adminis-  
16 trative jurisdiction of the Department of the Inte-  
17 rior. Such property shall not be subject to the geo-  
18 graphic limitations of section 206(b) of the Federal  
19 Land Policy and Management Act and may be re-  
20 tained by the Secretary solely for purposes of trans-  
21 ferring it to Koniag to complete the exchange.  
22 Should the value of the property so identified by  
23 Koniag be in excess of the value of the remaining se-  
24 lection rights, then Koniag shall have the option of  
25 (A) declining to proceed with the exchange and iden-

1       tifying other property, or (B) paying the difference  
2       in value between the property rights.

3           (3) REVENUES.—Any property received by  
4       Koniag in an exchange entered into pursuant to  
5       paragraph (1) or (2) shall be deemed to be an inter-  
6       est in the subsurface for purposes of section 7(i) of  
7       the Alaska Native Claims Settlement Act (43 U.S.C.  
8       1601 et seq.): *Provided however*, That should Koniag  
9       make a payment to equalize the value in any such  
10      exchange, then Koniag will be deemed to hold an un-  
11      divided interest in the property equal in value to  
12      such payment which interest shall not be subject to  
13      the provisions of section 7(i) of that Act.

14      (d) AUTHORITY TO APPOINT AND REMOVE TRUST-  
15      EE.—In establishing a Settlement Trust under section 39  
16      of the Alaska Native Claims Settlement Act (43 U.S.C.  
17      1629c), Koniag may delegate, in whole or in part, the au-  
18      thority granted to Koniag under subsection (b)(2) of such  
19      section to any entity that Koniag may select without af-  
20      fecting the status of the trust as a Settlement Trust under  
21      such section.

22      **SEC. 304. SNOWBASIN LAND EXCHANGE ACT.**

23      (a) PURPOSE AND INTENT.—The purpose of this sec-  
24      tion is to authorize and direct the Secretary to exchange  
25      1,320 acres of federally-owned land within the Cache Na-

1 tional Forest in the State of Utah for lands approximately  
2 equal value owned by the Sun Valley Company. It is the  
3 intent of Congress that this exchange be completed with-  
4 out delay within the period specified by subsection (d).

5 (b) DEFINITIONS.—As used in this section:

6 (1) The term “Sun Valley Company” means the  
7 Sun Valley Company, a division of Sinclair Oil Cor-  
8 poration, a Wyoming Corporation, or its successors  
9 or assigns.

10 (2) The term “Secretary” means the Secretary  
11 of Agriculture.

12 (c) EXCHANGE.—

13 (1) FEDERAL SELECTED LANDS.—(A) Not later  
14 than 45 days after the final determination of value  
15 of the Federal selected lands, the Secretary shall,  
16 subject to this section, transfer all right, title, and  
17 interest of the United States in and to the lands re-  
18 ferred to in subparagraph (B) to the Sun Valley  
19 Company.

20 (B) The lands referred to in subparagraph (A)  
21 are certain lands within the Cache National Forest  
22 in the State of Utah comprising 1,320 acres, more  
23 or less, as generally depicted on the map entitled  
24 “Snowbasin Land Exchange—Proposed” and dated  
25 October 1995.

1           (2) NON-FEDERAL OFFERED LANDS.—Upon  
2 transfer of the Federal selected lands under para-  
3 graph (1), and in exchange for those lands, the Sun  
4 Valley Company shall simultaneously convey to the  
5 Secretary all right, title and interest of the Sun Val-  
6 ley Company in and to so much of the following of-  
7 fered lands which have been previously identified by  
8 the United States Forest Service as desirable by the  
9 United States, or which are identified pursuant to  
10 subparagraph (E) prior to the transfer of lands  
11 under paragraph (1), as are of approximate equal  
12 value to the Federal selected lands:

13           (A) Certain lands located within the exte-  
14 rior boundaries of the Cache National Forest in  
15 Weber County, Utah, which comprise approxi-  
16 mately 640 acres and are generally depicted on  
17 a map entitled “Lightning Ridge Offered  
18 Lands”, dated October 1995.

19           (B) Certain lands located within the Cache  
20 National Forest in Weber County, Utah, which  
21 comprise approximately 635 acres and are gen-

24 dated October 1995.

1 (C) Certain lands located within the exte-  
2 rior boundaries of the Cache National Forest in  
3 Weber County, Utah, and lying immediately ad-

14 Devil’s Gate Valley”, dated October 1995.

15 (E) Such additional offered lands in the  
16 State of Utah as may be necessary to make the  
17 values of the lands exchanged pursuant to this  
18 section approximately equal, and which are ac-  
19 ceptable to the Secretary.

20 (3) SUBSTITUTION OF OFFERED LANDS.—If  
21 one or more of the precise offered land parcels iden-  
22 tified in subparagraphs (A) through (D) of para-  
23 graph (2) is unable to be conveyed to the United  
24 States due to appraisal or other reasons, or if the  
25 Secretary and the Sun Valley Company mutually

1 agree and the Secretary determines that an alter-  
2 native offered land package would better serve long-  
3 term public needs and objectives, the Sun Valley  
4 Company may simultaneously convey to the United  
5 States alternative offered lands in the State of Utah  
6 acceptable to the Secretary in lieu of any or all of  
7 the lands identified in subparagraphs (A) through  
8 (D) of paragraph (2).

9 (4) VALUATION AND APPRAISALS.—(A) Values  
10 of the lands to be exchanged pursuant to this section  
11 shall be equal as determined by the Secretary utiliz-  
12 ing nationally recognized appraisal standards and in  
13 accordance with section 206 of the Federal Land  
14 Policy and Management Act of 1976. The appraisal  
15 reports shall be written to Federal standards as de-  
16 fined in the Uniform Appraisal Standards for Fed-  
17 eral Land Acquisitions. If, due to size, location, or  
18 use of lands exchanged under this section, the values  
19 are not exactly equal, they shall be equalized by the  
20 payment of cash equalization money to the Secretary  
21 or the Sun Valley Company as appropriate in ac-  
22 cordance with section 206(b) of the Federal Land  
23 Policy and Management Act of 1976 (43 U.S.C.  
24 1716(b)). In order to expedite the consummation of  
25 the exchange directed by this section, the Sun Valley

1 Company shall arrange and pay for appraisals of the  
2 offered and selected lands by a qualified appraiser  
3 with experience in appraising similar properties and  
4 who is mutually acceptable to the Sun Valley Com-  
5 pany and the Secretary. The appraisal of the Fed-  
6 eral selected lands shall be completed and submitted  
7 to the Secretary for technical review and approval no  
8 later than 120 days after the date of enactment of  
9 this Act, and the Secretary shall make a determina-  
10 tion of value not later than 30 days after receipt of  
11 the appraisal. In the event the Secretary and the  
12 Sun Valley Company are unable to agree to the ap-  
13 praised value of a certain tract or tracts of land, the  
14 appraisal, appraisals, or appraisal issues in dispute  
15 and a final determination of value shall be resolved  
16 through a process of bargaining or submission to ar-  
17 bitration in accordance with section 206(d) of the  
18 Federal Land Policy and Management Act of 1976  
19 (43 U.S.C. 1716(d)).

20 (B) In order to expedite the appraisal of the  
21 Federal selected lands, such appraisal shall—

22 (i) value the land in its unimproved state,  
23 as a single entity for its highest and best use  
24 as if in private ownership and as of the date of  
25 enactment of this Act;

1           (ii) consider the Federal lands as an inde-  
2           pendent property as though in the private mar-  
3           ketplace and suitable for development to its  
4           highest and best use;

5           (iii) consider in the appraisal any encum-  
6           brance on the title anticipated to be in the con-  
7           veyance to Sun Valley Company and reflect its  
8           effect on the fair market value of the property;  
9           and

10          (iv) not reflect any enhancement in value  
11          to the Federal selected lands based on the exist-  
12          ence of private lands owned by the Sun Valley  
13          Company in the vicinity of the Snowbasin Ski  
14          Resort, and shall assume that private lands  
15          owned by the Sun Valley Company are not  
16          available for use in conjunction with the Fed-  
17          eral selected lands.

18          (d) GENERAL PROVISIONS RELATING TO THE EX-  
19          CHANGE.—

20               (1) IN GENERAL.—The exchange authorized by  
21          this section shall be subject to the following terms  
22          and conditions:

23                       (A) RESERVED RIGHTS-OF-WAY.—In any  
24          deed issued pursuant to subsection (c)(1), the  
25          Secretary shall reserve in the United States a

1 right of reasonable access across the conveyed  
2 property for public access and for administra-  
3 tive purposes of the United States necessary to  
4 manage adjacent federally-owned lands. The  
5 terms of such reservation shall be prescribed by  
6 the Secretary within 30 days after the date of  
7 the enactment of this Act.

8 (B) RIGHT OF RESCISSION.—This section  
9 shall not be binding on either the United States  
10 or the Sun Valley Company if, within 30 days  
11 after the final determination of value of the  
12 Federal selected lands, the Sun Valley Company  
13 submits to the Secretary a duly authorized and  
14 executed resolution of the Company stating its  
15 intention not to enter into the exchange author-  
16 ized by this section.

17 (2) WITHDRAWAL.—Subject to valid existing  
18 rights, effective on the date of enactment of this Act,  
19 the Federal selected lands described in subsection  
20 (c)(1) and all National Forest System lands cur-  
21 rently under special use permit to the Sun Valley  
22 Company at the Snowbasin Ski Resort are hereby  
23 withdrawn from all forms of appropriation under the  
24 public land laws (including the mining laws) and

1 from disposition under all laws pertaining to mineral  
2 and geothermal leasing.

3 (3) DEED.—The conveyance of the offered  
4 lands to the United States under this section shall  
5 be by general warranty or other deed acceptable to  
6 the Secretary and in conformity with applicable title  
7 standards of the Attorney General of the United  
8 States.

9 (4) STATUS OF LANDS.—Upon acceptance of  
10 title by the Secretary, the land conveyed to the Unit-  
11 ed States pursuant to this section shall become part  
12 of the Wasatch or Cache National Forests as appro-  
13 priate, and the boundaries of such National Forests  
14 shall be adjusted to encompass such lands. Once  
15 conveyed, such lands shall be managed in accordance  
16 with the Act of March 1, 1911, as amended (com-  
17 monly known as the “Weeks Act”), and in accord-  
18 ance with the other laws, rules and regulations ap-  
19 plicable to National Forest System lands. This para-  
20 graph does not limit the Secretary’s authority to ad-  
21 just the boundaries pursuant to section 11 of the  
22 Act of March 1, 1911 (“Weeks Act”). For the pur-  
23 poses of section 7 of the Land and Water Conserva-  
24 tion Fund Act of 1965 (16 U.S.C. 460l–9), the  
25 boundaries of the Wasatch and Cache National For-

1       ests, as adjusted by this section, shall be considered  
2       to be boundaries of the forests as of January 1,  
3       1965.

4       (e) PHASE FACILITY CONSTRUCTION AND OPER-  
5       ATION.—

6               (1) PHASE I FACILITY FINDING AND REVIEW.—

7       (A) The Congress has reviewed the Snowbasin Ski  
8       Area Master Development Plan dated October 1995  
9       (hereafter in this subsection referred to as the  
10       “Master Plan”). On the basis of such review, and re-  
11       view of previously completed environmental and  
12       other resource studies for the Snowbasin Ski Area,  
13       Congress hereby finds that the “Phase I” facilities  
14       referred to in the Master Plan to be located on Na-  
15       tional Forest System land after consummation of the  
16       land exchange directed by this section are limited in  
17       size and scope, are reasonable and necessary to ac-  
18       commodate the 2002 Olympics, and in some cases  
19       are required to provide for the safety of skiing com-  
20       petitors and spectators.

21       (B) Within 60 days after the date of enactment  
22       of this Act, the Secretary and the Sun Valley Com-  
23       pany shall review the Master Plan insofar as such  
24       plan pertains to Phase I facilities which are to be  
25       constructed and operated wholly or partially on Na-

1 tional Forest System lands retained by the Secretary  
2 after consummation of the land exchange directed by  
3 this section. The Secretary may modify such Phase  
4 I facilities upon mutual agreement with the Sun Val-  
5 ley Company or by imposing conditions pursuant to  
6 paragraph (2) of this subsection.

7 (C) Within 90 days after the date of enactment  
8 of this Act, the Secretary shall submit the reviewed  
9 Master Plan on the Phase I facilities, including any  
10 modifications made thereto pursuant to subpara-  
11 graph (B), to the Committee on Energy and Natural  
12 Resources of the United States Senate and the Com-  
13 mittee on Resources of the United States House of  
14 Representatives for a 30-day review period. At the  
15 end of the 30-day period, unless otherwise directed  
16 by Act of Congress, the Secretary may issue all nec-  
17 essary authorizations for construction and operation  
18 of such facilities or modifications thereof in accord-  
19 ance with the procedures and provisions of para-  
20 graph (2) of this subsection.

21 (2) PHASE I FACILITY APPROVAL, CONDITIONS,  
22 AND TIMETABLE.—Within 120 days of receipt of an  
23 application by the Sun Valley Company to authorize  
24 construction and operation of any particular Phase  
25 I facility, facilities, or group of facilities, the Sec-

1       retary, in consultation with the Sun Valley Com-  
2       pany, shall authorize construction and operation of  
3       such facility, facilities, or group of facilities, subject  
4       to the general policies of the Forest Service pertain-  
5       ing to the construction and operation of ski area fa-  
6       cilities on National Forest System lands and subject  
7       to reasonable conditions to protect National Forest  
8       System resources. In providing authorization to con-  
9       struct and operate a facility, facilities, or group of  
10      facilities, the Secretary may not impose any condi-  
11      tion that would significantly change the location,  
12      size, or scope of the applied for Phase I facility un-  
13      less—

14                   (A) the modification is mutually agreed to  
15                   by the Secretary and the Sun Valley Company;  
16                   or

17                   (B) the modification is necessary to protect  
18                   health and safety.

19      Nothing in this subsection shall be construed to af-  
20      fect the Secretary's responsibility to monitor and as-  
21      sure compliance with the conditions set forth in the  
22      construction and operation authorization.

23                   (3) CONGRESSIONAL DIRECTIONS.—Notwith-  
24      standing any other provision of law, Congress finds  
25      that consummation of the land exchange directed by

1 this section and all determinations, authorizations,  
2 and actions taken by the Secretary pursuant to this  
3 section pertaining to Phase I facilities on National  
4 Forest System lands, or any modifications thereof,  
5 to be nondiscretionary actions authorized and di-  
6 rected by Congress and hence to comply with all pro-  
7 cedural and other requirements of the laws of the  
8 United States. Such determinations, authorizations,  
9 and actions shall not be subject to administrative or  
10 judicial review.

11 (f) NO PRECEDENT.—Nothing in subsection  
12 (c)(4)(B) of this section relating to conditions or limita-  
13 tions on the appraisal of the Federal lands, or any provi-  
14 sion of subsection (e), relating to the approval by the Con-  
15 gress or the Forest Service of facilities on National Forest  
16 System lands, shall be construed as a precedent for subse-  
17 quent legislation.

5           (3) the acquisition of the Arkansas Ouachita  
6           lands and the Oklahoma lands by the United States

24          ecological resource which should be conserved;

1           (5) the private use of the lands the United  
2 States will convey to Weyerhaeuser will not conflict  
3 with established management objectives on adjacent  
4 Federal lands;

5           (6) the lands the United States will convey to  
6 Weyerhaeuser as part of the exchange described in  
7 paragraph (1) do not contain comparable fish, wild-  
8 life, or wetland values;

13 (B) The lands to be acquired by the Serv-

17 fish and wildlife for which significant injury re-  
18 sulting from the spill has been documented  
19 through the EVOS Trustee Council restoration  
20 process. This analysis has indicated that these  
21 lands generally have value for the restoration of  
22 such injured natural resources as pink salmon,  
23 dolly varden, bald eagles, river otters, and cul-  
24 tural and archaeological resources. This analy-  
25 sis has also indicated that these lands generally  
26 have high value for the restoration of injured

1 species that rely on these natural resources, in-  
2 cluding wilderness quality, recreation, tourism,  
3 and subsistence.

4 (C) Restoration of the injured species will  
5 benefit from acquisition and the prevention of  
6 disturbances which may adversely affect their  
7 recovery.

23                          (A) IN GENERAL.—Subject to the availabil-  
24                          ity of the funds identified in paragraph (2)(C),

11 **SEC. 607. WASHITA BATTLEFIELD.**

12 (a) FINDINGS AND PURPOSES.—

13 (1) FINDINGS.—The Congress finds that—

14 (A) the Battle of the Washita, November  
15 27, 1868, was one of the largest engagements  
16 between Plains tribes and the United States  
17 Army on the Southern Great Plains. The site is  
18 a registered National Historic Landmark;

19 (B) Lt. Colonel George A. Custer, leading  
20 the 7th United States Cavalry, attacked the  
21 sleeping Cheyenne village of peace chief Black  
22 Kettle. Custer's attack resulted in more than  
23 150 Indian casualties, many of them women  
24 and children;

1 (C) the Battle of the Washita symbolizes  
2 the struggle of the Southern Great Plains tribes  
3 to maintain their traditional lifeways and not to  
4 submit to reservation confinement; and

5 (D) the Washita battle site possesses a  
6 high degree of integrity and the cultural land-  
7 scape is essentially intact. The Cheyenne village  
8 site has not been altered substantially except by  
9 periodic flooding of the Washita River.

10 (2) PURPOSES.—The purposes of this section  
11 are to—

12 (A) recognize the importance of the Battle  
13 of the Washita as a nationally significant ele-  
14 ment of frontier military history and as a sym-  
15 bol of the struggles of the Southern Great  
16 Plains tribes to maintain control of their tradi-  
17 tional use areas; and

18 (B) establish the site of the Battle of the  
19 Washita as a national historic site and provide  
20 opportunities for American Indian groups in-  
21 cluding the Cheyenne-Arapaho Tribe to be in-  
22 volved in the formulation of plans and edu-  
23 cational programs for the national historic site.

24 (b) ESTABLISHMENT.—

1           (1) IN GENERAL.—In order to provide for the  
2           preservation and interpretation of the Battle of the  
3           Washita, there is hereby established the Washita  
4           Battlefield National Historic Site in the State of  
5           Oklahoma (hereafter in this section referred to as  
6           the “national historic site”).

7           (2) BOUNDARY.—

8           (A) IN GENERAL.—The national historic  
9           site shall consist of—

10                   (i) approximately 326 acres, as gen-  
11                   erally depicted on the map entitled  
12                   “Washita Battlefield National Historic  
13                   Site”, numbered 22,000A and dated 12/95;  
14                   and

15                   (ii) the private lands subject to con-  
16                   servation easements referred to in sub-  
17                   section (d)(2).

18           (B) MAP.—The map referred to in sub-  
19           paragraph (A)(i) shall be on file in the offices  
20           of the Director of the National Park Service,  
21           Department of the Interior, and other appro-  
22           priate offices of the National Park Service. The  
23           Secretary of the Interior (hereafter in this sec-  
24           tion referred to as the “Secretary”) may, from  
25           time to time, make minor revisions in the

1 boundary of the national historic site in accord-  
2 ance with section 7(c) of the Land and Water  
3 Conservation Act of 1965 (16 U.S.C. 460l-4 et  
4 seq.).

5 (c) ADMINISTRATION.—

6 (1) IN GENERAL.—The Secretary, acting  
7 through the Director of the National Park Service,  
8 shall manage the national historic site in accordance  
9 with this section and the provisions of law generally  
10 applicable to units of the National Park System, in-  
11 cluding “An Act to establish a National Park Serv-  
12 ice, and for other purposes”, approved August 25,  
13 1916 (39 Stat. 535; 16 U.S.C. 1, 2-4), and the Act  
14 of August 21, 1935 (49 Stat. 666; U.S.C. 461-467).

15 (2) MANAGEMENT PURPOSES.—The Secretary  
16 shall manage the national historic site for the follow-  
17 ing purposes, among others:

18 (A) To protect and preserve the national  
19 historic site, including the topographic features  
20 important to the battle site, artifacts and other  
21 physical remains of the battle, and the visual  
22 scene as closely as possible as it was at the time  
23 of the battle.

24 (B) To interpret the cultural and natural  
25 resources of the historic site, providing for pub-

1           lic understanding and appreciation of the area  
2           in such manner as to perpetuate these qualities  
3           and values for future generations.

4           (3) CONSULTATION AND TRAINING.—The Sec-  
5           retary, acting through the Director of the National  
6           Park Service, shall consult regularly with the Chey-  
7           enne-Arapaho Tribe on the formulation of the man-  
8           agement plan provisions referred to in subsection  
9           (e)(5) and on preparation of educational programs  
10          provided to the public. The Secretary is authorized  
11          to enter into cooperative agreements with the Chey-  
12          enne-Arapaho Tribe, its subordinate boards, commit-  
13          tees, enterprises, and traditional leaders to further  
14          the purposes of this Act.

15          (d) ACQUISITION OF PROPERTY.—

16               (1) PARK BOUNDARIES.—Within the boundaries  
17               of the national historic site, the Secretary is author-  
18               ized to acquire lands and interests in lands by dona-  
19               tion, purchase with donated or appropriated funds,  
20               or exchange, except that—

21                       (A) no lands or interests in lands within  
22                       the historic site may be acquired without the  
23                       consent of the owner thereof, and

1           (B) lands and interests in lands owned by  
2           the State of Oklahoma or any political subdivi-  
3           sion thereof may be acquired only by donation.

4           (2) CONSERVATION EASEMENTS.—The Con-  
5           gress finds that the State of Oklahoma, acting  
6           through the Oklahoma Historical Society, will work  
7           with local land owners to acquire and hold in per-  
8           petuity conservation easements in the vicinity of the  
9           national historic site as deemed necessary for the  
10          visual and interpretive integrity of the site. The in-  
11          tent of the easements will be to keep occupancy of  
12          the land in private ownership and use of the land in  
13          general agriculture.

14          (e) MANAGEMENT PLAN.—Within 5 years after the  
15          date funds are made available for purposes of this section,  
16          the Secretary, acting through the Director of the National  
17          Park Service, shall prepare a general management plan  
18          for the national historic site. The plan shall address, but  
19          not be limited to, each of the following:

20               (1) A resource protection program.

21               (2) A visitor use plan including programs and  
22               facilities that will be provided for public use, includ-  
23               ing the location and cost of public facilities.

24               (3) A research and curation plan.

25               (4) A highway signing program.

1 Permit rental charges for existing ski area permits issued  
2 pursuant to the Act of March 4, 1915, and the Act of  
3 June 4, 1897, shall be calculated in accordance with those  
4 existing permits: *Provided*, That a permittee may, at the  
5 permittee's option, use the calculation method set forth  
6 in subsection (b).

7 (b)(1) The ski area permit rental charge (SAPRC)  
8 shall be calculated by adding the permittee's gross reve-  
9 nues from lift ticket/year-round ski area use pass sales  
10 plus revenue from ski school operations (LT+SS) and  
11 multiplying such total by the slope transport feet percent-  
12 age (STFP) on National Forest System land. That  
13 amount shall be increased by the gross year-round revenue  
14 from ancillary facilities (GRAF) physically located on na-  
15 tional forest land, including all permittee or subpermittee  
16 lodging, food service, rental shops, parking and other an-  
17 cillary operations, to determine the adjusted gross revenue  
18 (AGR) subject to the permit rental charge. The final rent-  
19 al charge shall be calculated by multiplying the AGR by  
20 the following percentages for each revenue bracket and  
21 adding the total for each revenue bracket:

22 (A) 1.5 percent of all adjusted gross revenue  
23 below \$3,000,000;

24 (B) 2.5 percent for adjusted gross revenue be-  
25 tween \$3,000,000 and \$15,000,000;

1 (C) 2.75 percent for adjusted gross revenue be-  
 2 tween \$15,000,000 and \$50,000,000; and

3 (D) 4.0 percent for the amount of adjusted  
 4 gross revenue that exceeds \$50,000,000.

5 Utilizing the abbreviations indicated in this subsection the  
 6 ski area permit fee (SAPF) formula can be simply illus-  
 7 trated as:

$$\text{SAPF} = ((\text{LT} + \text{SS}) \times \text{STFP}) + \text{GRAF} = \text{AGR}; \text{AGR} \times \% \text{ BRACKETS}$$

8 (2) In cases where ski areas are only partially located  
 9 on national forest lands, the slope transport feet percent-  
 10 age on national forest land referred to in subsection (b)  
 11 shall be calculated as generally described in the Forest  
 12 Service Manual in effect as of January 1, 1992. Revenues  
 13 from Nordic ski operations shall be included or excluded  
 14 from the rental charge calculation according to the per-  
 15 centage of trails physically located on national forest land.

16 (3) In order to ensure that the rental charge remains  
 17 fair and equitable to both the United States and the ski  
 18 area permittees, the adjusted gross revenue figures for  
 19 each revenue bracket in paragraph (1) shall be adjusted  
 20 annually by the percent increase or decrease in the na-  
 21 tional Consumer Price Index for the preceding calendar  
 22 year. No later than 3 years after the date of enactment  
 23 of this Act and every 5 years thereafter the Secretary shall  
 24 submit to the Committee on Energy and Natural Re-  
 25 sources of the United States Senate and the Committee

1 on Resources of the United States House of Representa-  
2 tives a report analyzing whether the ski area permit rental  
3 charge legislated by this Act is returning a fair market  
4 value rental to the United States together with any rec-  
5 ommendations the Secretary may have for modifications  
6 of the system.

7 (c) The rental charge set forth in subsection (b) shall  
8 be due on June 1 of each year and shall be paid or prepaid  
9 by the permittee on a monthly, quarterly, annual or other  
10 schedule as determined appropriate by the Secretary in  
11 consultation with the permittee. Unless mutually agreed  
12 otherwise by the Secretary and the permittee, the payment  
13 or prepayment schedule shall conform to the permittee's  
14 schedule in effect prior to enactment of this Act. To re-  
15 duce costs to the permittee and the Forest Service, the  
16 Secretary shall each year provide the permittee with a  
17 standardized form and worksheets (including annual rent-  
18 al charge calculation brackets and rates) to be used for  
19 rental charge calculation and submitted with the rental  
20 charge payment. Information provided on such forms shall  
21 be compiled by the Secretary annually and kept in the Of-  
22 fice of the Chief, United States Forest Service.

23 (d) The ski area permit rental charge set forth in this  
24 section shall become effective on June 1, 1996 and cover  
25 receipts retroactive to June 1, 1995: *Provided*, That if a

1 permittee has paid rental charges for the period June 1,  
2 1995, to June 1, 1996, under the graduated rate rental  
3 charge system formula in effect prior to the date of enact-  
4 ment of this Act, such rental charges shall be credited to-  
5 ward the new rental charge due on June 1, 1996. In order  
6 to ensure increasing rental charge receipt levels to the  
7 United States during transition from the graduated rate  
8 rental charge system formula to the formula of this Act,  
9 the rental charge paid by any individual permittee shall  
10 be—

11           (1) for the 1995–1996 permit year, either the  
12           rental charge paid for the preceding 1994–1995  
13           base year or the rental charge calculated pursuant  
14           to this Act, whichever is higher;

15           (2) for the 1996–1997 permit year, either the  
16           rental charge paid for the 1994–1995 base year or  
17           the rental charge calculated pursuant to this Act,  
18           whichever is higher; and

19           (3) for the 1997–1998 permit year, either the  
20           rental charge for the 1994–1995 base year or the  
21           rental charge calculated pursuant to this Act, which-  
22           ever is higher.

23 If an individual permittee’s adjusted gross revenue for the  
24 1995–1996, 1996–1997, or 1997–1998 permit years falls  
25 more than 10 percent below the 1994–1995 base year, the

1 rental charge paid shall be the rental charge calculated  
2 pursuant to this Act.

3 (e) Under no circumstances shall revenue, or sub-  
4 permittee revenue (other than lift ticket, area use pass,  
5 or ski school sales) obtained from operations physically lo-  
6 cated on non-national forest land be included in the ski  
7 area permit rental charge calculation.

8 (f) To reduce administrative costs of ski area permit-  
9 tees and the Forest Service the terms “revenue” and  
10 “sales”, as used in this section, shall mean actual income  
11 from sales and shall not include sales of operating equip-  
12 ment, refunds, rent paid to the permittee by sublessees,  
13 sponsor contributions to special events or any amounts at-  
14 tributable to employee gratuities or employee lift tickets,  
15 discounts, or other goods or services (except for bartered  
16 goods and complimentary lift tickets) for which the per-  
17 mittee does not receive money.

18 (g) In cases where an area of national forest land  
19 is under a ski area permit but the permittee does not have  
20 revenue or sales qualifying for rental charge payment pur-  
21 suant to subsection (a), the permittee shall pay an annual  
22 minimum rental charge of \$2 for each national forest acre  
23 under permit or a percentage of appraised land value, as  
24 determined appropriate by the Secretary.

1 (h) Where the new rental charge provided for in sub-  
2 section (b)(1) results in an increase in permit rental  
3 charge greater than one-half of 1 percent of the permit-  
4 tee's adjusted gross revenue as determined under sub-  
5 section (b)(1), the new rental charge shall be phased in  
6 over a five-year period in a manner providing for increases  
7 of approximately equal increments.

8 (i) To reduce Federal costs in administering the pro-  
9 visions of this Act, the reissuance of a ski area permit  
10 to provide activities similar in nature and amount to the  
11 activities provided under the previous permit shall not con-  
12 stitute a major Federal action for the purposes of the Na-  
13 tional Environmental Policy Act of 1969 (42 U.S.C. 4331  
14 et seq.).

15 (j) Subject to valid existing rights, all lands located  
16 within the boundaries of ski area permits issued prior to,  
17 on or after the date of enactment of this Act pursuant  
18 to authority of the Act of March 4, 1915 (38 Stat. 1101,  
19 chapter 144; 16 U.S.C. 497), and the Act of June 4, 1897,  
20 or the National Forest Ski Area Permit Act of 1986 (16  
21 U.S.C. 497b) are hereby and henceforth automatically  
22 withdrawn from all forms of appropriation under the min-  
23 ing laws and from disposition under all laws pertaining  
24 to mineral and geothermal leasing and all amendments  
25 thereto. Such withdrawal shall continue for the full term

1 of the permit and any modification, reissuance, or renewal  
2 thereof. Unless the Secretary requests otherwise of the  
3 Secretary of the Interior, such withdrawal shall be can-  
4 celed automatically upon expiration or other termination  
5 of the permit and the land automatically restored to all  
6 appropriation not otherwise restricted under the public  
7 land laws.

8 **SEC. 702. DELAWARE WATER GAP.**

9 (a) IN GENERAL.—Effective at noon on September  
10 30, 2005, the use of Highway 209 within Delaware Water  
11 Gap National Recreation Area by commercial vehicles,  
12 when such use is not connected with the operation of the  
13 recreation area, is prohibited, except as provided in sub-  
14 section (b).

15 (b) LOCAL BUSINESS USE PROTECTED.—Subsection  
16 (a) does not apply with respect to the use of commercial  
17 vehicles to serve businesses located within or in the vicinity  
18 of the recreation area, as determined by the Secretary.

19 (c) CONFORMING PROVISIONS.—

20 (1) Paragraphs (1) through (3) of the third un-  
21 designated paragraph under the heading “ADMIN-  
22 ISTRATIVE PROVISIONS” in chapter VII of title  
23 I of Public Law 98–63 (97 Stat. 329) are repealed,  
24 effective September 30, 2005.

1           (2) Prior to noon on September 30, 2005, the  
2           Secretary shall collect and utilize a commercial use  
3           fee from commercial vehicles in accordance with  
4           paragraphs (1) through (3) of such third undesig-  
5           nated paragraph. Such fee shall not exceed \$25 per  
6           trip.

7   **SEC. 703. GLACIER BAY NATIONAL PARK.**

8           Section 3(g) of Public Law 91–383 (16 U.S.C. 1a–  
9           2(g)) is amended by: striking “and park programs” and  
10          inserting the following at the end: “Sixty percent of the  
11          fees paid by permittees for the privilege of entering into  
12          Glacier Bay for the period beginning on the first full fiscal  
13          year following the date of enactment of this sentence shall  
14          be deposited into a special account and that such funds  
15          shall be available—

16                 “(1) to the extent determined necessary, to ac-  
17          quire and preposition necessary and adequate emer-  
18          gency response equipment to prevent harm or the  
19          threat of harm to aquatic park resources from per-  
20          mittees; and

21                 “(2) to conduct investigations to quantify any  
22          effect of permittees’ activity on wildlife and other  
23          natural resource values of Glacier Bay National  
24          Park. The investigations provided for in this sub-  
25          section shall be designed to provide information of

1 value to the Secretary, in determining any appro-  
2 priate limitations on permittees' activity in Glacier  
3 Bay. The Secretary may not impose any additional  
4 permittee operating conditions in the areas of air,  
5 water, and oil pollution beyond those determined and  
6 enforced by other appropriate agencies. When com-  
7 petitively awarding permits to enter Glacier Bay, the  
8 Secretary may take into account the relative impact  
9 particular permittees will have on park values and  
10 resources, provided that no operating conditions or  
11 limitations relating to noise abatement shall be im-  
12 posed unless the Secretary determines, based on the  
13 weight of the evidence from all available studies in-  
14 cluding verifiable scientific information from the in-  
15 vestigations provided for in this subsection, that  
16 such limitations or conditions are necessary to pro-  
17 tect park values and resources. Fees paid by certain  
18 permittees for the privilege of entering into Glacier  
19 Bay shall not exceed \$5 per passenger. For the pur-  
20 poses of this subsection, 'certain permittee' shall  
21 mean a permittee which provides overnight accom-  
22 modations for at least 500 passengers for an itin-  
23 erary of at least 3 nights, and 'permittee' shall mean  
24 a concessionaire providing visitor services within  
25 Glacier Bay. Nothing in this subsection authorizes

1 the Secretary to require additional categories of per-  
2 mits in, or otherwise increase the number of permits  
3 to enter Glacier Bay National Park.”.

4 **TITLE VIII—MISCELLANEOUS**  
5 **ADMINISTRATIVE AND MAN-**  
6 **AGEMENT PROVISIONS**

7 **SEC. 801. LIMITATION ON PARK BUILDINGS.**

12 under the heading “UNDER THE DEPARTMENT OF  
13 THE INTERIOR”, as contained in the first section of

2 (a) VEHICLES AND AIRCRAFT.—Section 9 of the Act  
3 of December 15, 1971 (16 U.S.C. 1338a), is amended by  
4 adding at the end thereof the following: “Nothing in this  
5 title shall be deemed to limit the authority of the Secretary  
6 in the management of units of the National Park System,  
7 and the Secretary may, without regard either to the provi-  
8 sions of this title, or the provisions of section 47(a) of title  
9 18, United States Code, use motor vehicles, fixed-wing air-  
10 craft, or helicopters, or to contract for such use, in fur-  
11 therance of the management of the National Park System,

13 be applicable to such use.”.

14 (b) OZARK NATIONAL SCENIC RIVERWAYS.—Section

19 “SEC. 7. (a) The Secretary, in accordance with this  
20 section, shall allow free-roaming horses in the Ozark Na-

22 of this section, the Secretary shall enter into an agreement  
23 with the Missouri Wild Horse League or another qualified  
24 nonprofit entity to provide for management of free-roam-  
25 ing horses. The agreement shall provide for cost-effective  
26 management of the horses and limit Federal expenditures

1 to the costs of monitoring the agreement. The Secretary  
2 shall issue permits for adequate pastures to accommodate  
3 the historic population level of the free-roaming horse  
4 herd, which shall be not less than the number of horses  
5 in existence on the date of the enactment of this section  
6 nor more than 50.

7 “(b) The Secretary may not remove, or assist in, or  
8 permit the removal of any free-roaming horses from Fed-  
9 eral lands within the boundary of the Ozark National Sce-  
10 nic Riverways unless—

11 “(1) the entity with whom the Secretary has  
12 entered into the agreement under subsection (a), fol-  
13 lowing notice and a 90-day response period, substan-  
14 tially fails to meet the terms and conditions of the  
15 agreement;

16 “(2) the number of free-roaming horses exceeds  
17 50; or

18 “(3) in the case of an emergency or to protect

25 nic Riverways.”.

1 **SEC. 804. AUTHORITIES OF THE SECRETARY OF THE INTERIOR RELATING TO MUSEUMS.**  
2

3 (a) FUNCTIONS.—The Act entitled “An Act to in-

7 1955 (16 U.S.C. 18f), is amended—

8 (1) in subsection (b) of the first section, by

6     a reasonable time frame;

7                   (B) to expand the alternatives available for  
8     construction and repair of essential Government  
9     housing;

10                  (C) to rely on the private sector to finance  
11     or supply housing in carrying out this section,  
12     to the maximum extent possible, in order to re-  
13     duce the need for Federal appropriations;

14                  (D) to ensure that adequate funds are  
15     available to provide for long-term maintenance  
16     needs of field employee housing; and

17                  (E) to eliminate unnecessary Government  
18     housing and locate such housing as is required  
19     in a manner such that primary resource values  
20     are not impaired.

21           (2) GENERAL AUTHORITY.—To enhance the  
22     ability of the Secretary of the Interior (hereafter in  
23     this subsection referred to as “the Secretary”), act-  
24     ing through the Director of the National Park Serv-

2 and justified to make available employee housing, on  
3 or off the lands under the administrative jurisdiction  
4 of the National Park Service, and to rent or lease  
5 such housing to field employees of the National Park  
6 Service at rates based on the reasonable value of the  
7 housing in accordance with requirements applicable  
8 under section 5911 of title 5, United States Code.

9 (3) REVIEW AND REVISION OF HOUSING CRI-  
10 TERIA.—Upon the enactment of this Act, the Sec-

15 what circumstances the National Park Service re-  
16 quires an employee to occupy Government quarters  
17 to provide necessary services, protect Government  
18 property, or because of a lack of availability of non-

13 ical condition of such housing and the suitability of  
14 such housing to effectively carry out the missions of  
15 the Department of the Interior and the National  
16 Park Service. For each unit of such housing, the  
17 Secretary shall determine whether the unit is needed  
18 and justified. The review shall include estimates of  
19 the cost of bringing each unit that is needed and  
20 justified into usable condition that meets all applica-  
21 ble legal housing requirements or, if the unit is de-  
22 termined to be obsolete but is still warranted to  
23 carry out the missions of the Department of the In-  
24 terior and the National Park Service, the cost of re-  
25 placing the unit.

1           (6) AUTHORIZATION FOR HOUSING AGREE-  
2           MENTS.—For those units of the National Park Sys-  
3           tem for which the review required by paragraphs (3)

6           subsection and subject to the appropriation of nec-  
7           essary funds in advance, to enter into housing agree-

16                (A) LEASE TO BUILD PROGRAM.—Subject

20                    land to qualified persons for the construc-  
21                    tion of field employee quarters for any pe-

13                  and rehabilitation of field employee quar-  
14                  ters be done in accordance with the re-  
15                  quirements of the National Park Service  
16                  and local applicable building codes and in-  
17                  dustry standards;

18                  (iii) shall contain such additional  
19                  terms and conditions as may be appro-  
20                  priate to protect the Federal interest, in-  
21                  cluding limits on rents the lessee may  
22                  charge field employees for the occupancy of  
23                  quarters, conditions on maintenance and  
24                  repairs, and agreements on the provision of

1 charges for utilities and other infrastruc-  
2 ture; and

4 market value if the Secretary determines  
5 that such lease will improve the quality  
6 and availability of field employee quarters  
7 available.

8 (D) CONTRIBUTIONS BY UNITED  
9 STATES.—The Secretary may make payments,  
10 subject to appropriations, or contributions in  
11 kind either in advance of or on a continuing  
12 basis to reduce the costs of planning, construc-  
13 tion, or rehabilitation of quarters on or off Fed-  
14 eral lands under a lease under this paragraph.

15 (8) RENTAL GUARANTEE PROGRAM.—

16 (A) GENERAL AUTHORITY.—Subject to the  
17 appropriation of necessary funds in advance,  
18 the Secretary may enter into a lease to build  
19 arrangement as set forth in paragraph (7) with  
20 further agreement to guarantee the occupancy  
21 of field employee quarters constructed or reha-  
22 bilitated under such lease. A guarantee made  
23 under this paragraph shall be in writing.

24 (B) LIMITATIONS.—The Secretary may not  
25 guarantee—

1 (i) the occupancy of more than 75  
2 percent of the units constructed or reha-  
3 bilitated under such lease; and

4 (ii) at a rental rate that exceeds the  
5 rate based on the reasonable value of the  
6 housing in accordance with requirements

9 In no event shall outstanding guarantees be in  
10 excess of \$3,000,000.

11 (C) RENTAL TO GOVERNMENT EMPLOY-

15 any units for which the guarantee is made.

16 (D) FAILURE TO MAINTAIN A SATISFAC-  
17 TORY LEVEL OF OPERATION AND MAINTEN-  
18 NANCE.—The lease shall be null and void if the  
19 lessee fails to maintain a satisfactory level of  
20 operation and maintenance.

21 (9) JOINT DEVELOPMENT AUTHORITY.—The  
22 Secretary may use authorities granted by statute in  
23 combination with one another in the furtherance of

1           (10) CONTRACTS FOR THE MANAGEMENT OF  
2           FIELD EMPLOYEE QUARTERS.—

3           (A) GENERAL AUTHORITY.—Subject to the  
4           appropriation of necessary funds in advance,  
5           the Secretary may enter into contracts of any  
6           duration for the management, repair, and main-  
7           tenance of field employee quarters.

8           (B) TERMS AND CONDITIONS.—Any such  
9           contract shall contain such terms and condi-  
10          tions as the Secretary deems necessary or ap-  
11          propriate to protect the interests of the United  
12          States and assure that necessary quarters are

1           (B) LIMITATION.—The Secretary may only

5           near such unit and that—

6                   (i) the requirement for such seasonal  
7                   field employee quarters is temporary; or

8                   (ii) leasing would be more cost effec-

11          (C) UNRECOVERED COSTS.—The Secretary  
12          may pay the unrecovered costs of leasing sea-

15          lease is made.

16          (12) SURVEY OF EXISTING FACILITIES.—The  
17          Secretary shall—

23          rather than Government housing. The study shall  
24          specifically examine the feasibility of providing rent-

2        copy of such study to the Office of Management and  
3        Budget, he shall concurrently transmit copies of the

22        adversely affect the mission of the agency.

23            (B) RENTAL RATES.—To the extent prac-  
24        ticable, the Secretary shall establish rental rates  
25        for all quarters occupied by field employees of

1 the National Park Service that are based on the  
2 reasonable value of the quarters in accordance  
3 with requirements applicable under section

5 (C) EXEMPTION FROM LEASING REQUIRE-

## 18   **Subtitle C—Additional Provisions**

### 19   **SEC. 1021. RECREATION LAKES.**

20           (a) FINDINGS AND PURPOSES.—The Congress finds  
21 that the Federal Government, under the authority of the  
22 Reclamation Act and other statutes, has developed man-  
23 made lakes and reservoirs that have become a powerful  
24 magnet for diverse recreational activities and that such ac-  
25 tivities contribute to the well-being of families and individ-

1 uals and the economic viability of local communities. The  
2 Congress further finds that in order to further the pur-  
3 poses of the Land and Water Conservation Fund, the  
4 President should appoint an advisory commission to re-  
5 view the current and anticipated demand for recreational  
6 opportunities at federally-managed manmade lakes and  
7 reservoirs through creative partnerships involving Federal,  
8 State, and local governments and the private sector and  
9 to develop alternatives for enhanced recreational use of  
10 such facilities.

11 (b) COMMISSION.—The Land and Water Conserva-  
12 tion Fund Act of 1965 (Public Law 88–578, 78 Stat. 897)  
13 is amended by adding at the end the following new section:

15 commission to review the opportunities for enhanced op-  
16 portunities for water-based recreation which shall submit  
17 a report to the President and to the Committee on Energy  
18 and Natural Resources of the Senate and to the Commit-

9           and recreation use, Indian tribes, and local govern-  
10          ments, at least one of whom shall be familiar with  
11          the economics and financing of recreation related in-  
12          frastructure.

13          “(c) The President shall appoint one member to serve  
14          as Chairman. Any vacancy on the Commission shall be  
15          filled in the same manner as the original appointment.  
16          Members of the Commission shall serve without compensa-  
17          tion but shall be reimbursed for travel, subsistence, and  
18          other necessary expenses incurred by them in the perform-  
19          ance of their duties. The Secretary of the Interior shall  
20          provide all financial, administrative, and staffing require-  
21          ments for the Commission, including office space, furnish-  
22          ings, and equipment. The heads of other Federal agencies  
23          are authorized, at the request of the Commission, to pro-  
24          vide such information or personnel, to the extent per-  
25          mitted by law and within the limits of available funds, to

1 the Commission as may be useful to accomplish the pur-  
2 poses of this section.

3 “(d) The Commission may hold such hearings, sit  
4 and act at such times and places, take such testimony,  
5 and receive such evidence as it deems advisable: *Provided*,  
6 That, to the maximum extent possible, the Commission  
7 shall use existing data and research. The Commission is  
8 authorized to use the United States mail in the same man-  
9 ner and upon the same conditions as other departments  
10 and agencies of the United States.

14 for such use by the public. In developing the report, the  
15 Commission shall—

16 “(1) review the extent to which recreation com-  
17 ponents identified in specific authorizations associ-  
18 ated with individual Federal manmade lakes and  
19 reservoirs have been accomplished;

20 “(2) evaluate the feasibility of enhancing recre-  
21 ation opportunities at federally-managed lakes and  
22 reservoirs under existing statutes;

23 “(3) consider legislative changes that would en-  
24 hance recreation opportunities consistent with and

1 subject to the achievement of the authorized pur-  
2 poses of Federal water projects; and

3 “(4) make recommendations on alternatives for  
4 enhanced recreation opportunities including, but not  
5 limited to, the establishment of a National Recre-  
6 ation Lake System under which specific lakes would  
7 receive national designation and which would be  
8 managed through innovative partnership-based  
9 agreements between Federal agencies, State and  
10 local units of government, and the private sector.

11 Any such alternatives shall be consistent with and subject  
12 to the authorized purposes for any manmade lakes and  
13 reservoirs and shall emphasize private sector initiatives in  
14 concert with State and local units of government.”.

7 This title may be cited as the “Ohio & Erie Canal  
8 National Heritage Corridor Act of 1996”.

9 **SEC. 802. FINDINGS AND PURPOSE.**

10 (a) FINDINGS.—Congress finds the following:

11 (1) The Ohio & Erie Canal, which opened for  
12 commercial navigation in 1832, was the first inland  
13 waterway to connect the Great Lakes at Lake Erie  
14 with the Gulf of Mexico via the Ohio and Mississippi  
15 Rivers and a part of a canal network in Ohio that  
16 was one of America’s most extensive and successful  
17 systems during a period in history when canals were  
18 essential to the Nation’s growth.

19 (2) The Ohio & Erie Canal spurred economic  
20 growth in the State of Ohio that took the State from  
21 near bankruptcy to the third most economically  
22 prosperous State in the Union in just 20 years.

23 (3) A 4-mile section of the Ohio & Erie Canal  
24 was designated a National Historic Landmark in  
25 1966 and other portions of the Ohio & Erie Canal

1 and many associated structures were placed on the  
2 National Register of Historic Places.

3 (4) In 1974, 19 miles of the Ohio & Erie Canal  
4 were declared nationally significant under National  
5 Park Service new area criteria with the designation  
6 of Cuyahoga Valley National Recreation Area.

7 (5) The National Park Service found the Ohio  
8 & Erie Canal nationally significant in a 1975 study  
9 entitled “Suitability/Feasibility Study, Proposed  
10 Ohio & Erie Canal”.

11 (6) A 1993 Special Resources Study of the  
12 Ohio & Erie Canal Corridor conducted by the Na-  
13 tional Park Service entitled “A Route to Prosperity”  
14 has concluded that the corridor is eligible as a Na-  
15 tional Heritage Corridor.

16 (7) Local governments, the State of Ohio, and  
17 private sector interests have embraced the heritage  
18 corridor concept and desire to enter into partnership  
19 with the Federal Government to preserve, protect,  
20 and develop the corridor for public benefit.

21 (b) PURPOSES.—The purposes of this title are—

22 (1) to preserve and interpret for the educational

25 our national heritage of certain historic and cultural

1 lands, waterways, and structures within the 87-mile  
2 Ohio & Erie Canal Corridor between Cleveland and  
3 Zoar;

4 (2) to encourage within the corridor a broad  
5 range of economic opportunities enhancing the qual-  
6 ity of life for present and future generations;

8 sist the State of Ohio, its political subdivisions, and
