RESOLUTION

To commend the community leaders of the Monterey Peninsula on the central California coast for their encouragement, support, and sponsorship of language diversity.

Whereas the United States, in recent years, has shifted from a nation of providers of goods to a nation of providers of service ;

Whereas if the United States is to remain competitive as a nation of providers of service, the people of the United States must speak the languages of their customers;

Whereas when communities promote the use of available language resources, this sends a strong signal to other coun-

tries that the United States will remain globally competitive; and

Whereas the Monterey Peninsula on the Central California Coast is home to the most diversified professional language resources in the United States, including the Defense Language Institute, the Naval Post Graduate School, the AT&T Language Line, the Monterey Institute of International Studies, California State University at Monterey Bay, the University of California at Santa Cruz, and Monterey Peninsula College: Now, therefore, be it

5 (4) encourages other communities to embrace and use their valuable language resources for the

- 1 benefit of their communities, and for prosperity of
- 2 their regions, States, and the United States.
