CONCURRENT RESOLUTION

Recognizing the importance of children and families in the United States and expressing support for the goals of National KidsDay and National Family Month.

Whereas there is an epidemic of children in crisis in the United States caused by the increased stresses on children from contemporary society, which can even include instances of child abuse and neglect;

Whereas newspaper headlines, news reports, and various studies provide evidence that children are more frequently committing acts of violence, taking illegal drugs, and committing suicide, indicating that the future of the children of the United States, and therefore the future of the Nation, is at risk;

Whereas all families in the United States, regardless of their economic status, ethnic or cultural heritage, or geographic location, are experiencing the pressures caused by contemporary society while trying to raise and nurture their children;

Whereas it is imperative that the people of the United States act boldly to secure the future of the Nation by halting and healing the pain of children in crisis;

Whereas KidsPeace is the oldest, most successful, and most comprehensive not-for-profit organization dedicated solely to helping children attain the confidence and develop the courage necessary to confront and overcome crises;

Whereas KidsPeace has more than 1,500 caregivers helping more than 2,000 children each day in 25 locations across the United States;

Whereas KidsPeace established National KidsDay and National Family Month to recognize and focus attention on relationships between parents and children;

Whereas National KidsDay is celebrated on the third Saturday of September, during the period when children are returning to school, when children are subject to a very high level of stress, and when there is a critical need for children to feel honored, valued, supported, and loved;

Whereas National Family Month is celebrated during the five-week period between Mother's Day in May and Fa-

ther's Day in June, which is a critical adjustment period for families to prepare for children to return to the home at the end of the school year and can provide a wonderful opportunity for families to prepare to use their time together during the summer to grow and strengthen as a family unit; and

Whereas these celebrations can provide opportunities for parents, grandparents, and caregivers to recognize the importance of being involved in the physical and emotional lives of their children: Now, therefore be it
