

105TH CONGRESS
2D SESSION

S. 1862

To provide assistance for poison prevention and to stabilize the funding
of regional poison control centers.

IN THE SENATE OF THE UNITED STATES

MARCH 25, 1998

Mr. DEWINE introduced the following bill; which was read twice and referred
to the Committee on Labor and Human Resources

A BILL

To provide assistance for poison prevention and to stabilize
the funding of regional poison control centers.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Poison Control Center
5 Enhancement and Awareness Act”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) Each year more than 2,000,000 poisonings
9 are reported to poison control centers throughout
10 the United States. More than 90 percent of these

1 poisonings happen in the home. 53 percent of poi-
2 soning victims are children younger than 6 years of
3 age.

4 (2) Poison centers are life-saving and cost-effec-
5 tive public health services. For every dollar spent on
6 poison control centers, \$7 in medical costs are saved.
7 The average cost of a poisoning exposure call is
8 \$31.28, while the average cost if other parts of the
9 medical system are involved is \$932. Over the last
10 2 decades, the instability and lack of funding has re-
11 sulted in a steady decline in the number of poison
12 control centers in the United States. Currently,
13 there are 75 such centers.

14 (3) Stabilizing the funding structure and in-
15 creasing accessibility to poison control centers will
16 increase the number of United States residents who
17 have access to a certified poison control center, and
18 reduce the inappropriate use of emergency medical
19 services and other more costly health care services.

20 **SEC. 3. DEFINITION.**

21 In this Act, the term “Secretary” means the Sec-
22 retary of Health and Human Services.

16 section (d), the Secretary may make a grant to a center

19 trol, and the Secretary has approved the organization as

5 retary.
