

105TH CONGRESS  
2D SESSION

# S. 2469

To direct the Secretary of the Interior to make technical corrections to a map relating to the Coastal Barrier Resources System.

---

## IN THE SENATE OF THE UNITED STATES

SEPTEMBER 15, 1998

Mr. GRAHAM (for himself and Mr. MACK) introduced the following bill; which was read twice and referred to the Committee on Environment and Public Works

---

## A BILL

To direct the Secretary of the Interior to make technical corrections to a map relating to the Coastal Barrier Resources System.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. FINDINGS AND PURPOSE.**

4 (a) FINDINGS.—Congress finds that—

5 (1) Coastal Barrier Resources System unit FL–  
6 35P was designated under the Coastal Barrier Im-  
7 provement Act of 1990 (Public Law 101–591) to in-  
8 clude Florida State conservation land within the  
9 Coastal Barrier Resources System;

1           (2) unit FL-35P is an “otherwise protected  
2           area”, a designation that was intended to include  
3           land held for conservation purposes;

4           (3) the boundary of unit FL-35P runs through  
5           a portion of the Ocean Reef Harbor Course South  
6           development, which was in existence on the date of  
7           enactment of the 1990 Act;

8           (4) at the time unit FL-35P was designated, 9  
9           residences were located in the portion of the develop-  
10          ment that was included within the boundaries of the  
11          unit;

12          (5) the 11.7 acres comprising that portion are  
13          not held for conservation purposes, and are not an  
14          inholding within conservation land;

15          (6) the United States Fish and Wildlife Service  
16          has received certificates of occupancy and cor-  
17          responding plat maps from Monroe County, Florida,  
18          verifying that a portion of unit FL-35P was devel-  
19          oped, and accordingly that the portion referred to in  
20          paragraph (5) was mistakenly included in the Coast-  
21          al Barrier Resources System; and

22          (7) modification of the boundary of unit FL-  
23          35P to exclude the 11.7-acre parcel referred to in  
24          paragraph (5) would constitute a valid technical cor-  
25          rection.

1 (b) PURPOSE.—The purpose of this Act is to make  
2 a technical correction to unit FL–35P of the Coastal Bar-  
3 rier Resources System to exclude from the unit the 11.7-  
4 acre parcel of developed property that was mistakenly in-  
5 cluded in the unit.

6 **SEC. 2. CORRECTIONS TO MAP.**

7 (a) IN GENERAL.—Not later than 30 days after the  
8 date of enactment of this Act, the Secretary of the Interior  
9 shall make such corrections to the map described in sub-  
10 section (b) as are necessary to ensure that depictions of  
11 areas on the map are consistent with the depictions of  
12 areas appearing on the map entitled “Amendments to the  
13 Coastal Barrier Resources System”, dated August 31,  
14 1998, and on file with the Secretary.

15 (b) MAP DESCRIBED.—The map described in this  
16 subsection is the map that—

17 (1) is included in a set of maps entitled “Coast-  
18 al Barrier Resources System”, dated October 24,  
19 1990; and

20 (2) relates to unit FL–35P of the Coastal Bar-  
21 rier Resources System.
