CONCURRENT RESOLUTION

Expressing the sense of Congress in support of efforts to foster friendship and cooperation between the United States and Mongolia, and for other purposes.

Whereas in 1990, Mongolia renounced the Communist form of government and peacefully adopted a series of changes that linked economic development with democratic political reforms;

Whereas the Mongolian people have held 2 presidential elections and 3 parliamentary elections since 1990, all fea-

turing vigorous campaigns by candidates from multiple political parties;

Whereas these elections have been free from violence, voter intimidation, and ballot irregularities, and the peaceful transfer of power from one Mongolian government to another has been successfully completed, demonstrating Mongolia's commitment to peace, stability, and the rule of law;

Whereas every Mongolian government since the end of communism has dedicated itself to promoting and protecting individual freedoms, the rule of law, respect for human rights, freedom of the press, and the principle of self-government, thereby demonstrating that Mongolia is consolidating democratic gains and moving to institutionalize democratic processes;

Whereas Mongolia stands apart as one of the few countries in central and southeast Asia that is truly a fully functioning democracy;

Whereas the efforts of Mongolia to promote economic development through free market economic policies, while also promoting human rights and individual liberties, building democratic institutions, and protecting the environment, serve as a beacon to freethinking people throughout the region and the world;

Whereas the commitment of Mongolia to democracy makes it a critical element in efforts to foster and maintain regional stability throughout central and southeast Asia;

Whereas Mongolia has some of the most pristine environments in the world, which provide habitats to plant and animal species that have been lost elsewhere, and has shown a strong desire to protect its environment through

the Biodiversity Conservation Action Plan while moving forward with economic development, thus service as a model for developing nations in the region and throughout the world;

Whereas Mongolia has demonstrated a strong commitment to the same ideals that the United States stands for as a nation, and has indicated a strong desire to deepen and strengthen its relationship with the United States;

Whereas the Mongolia Government has established civilian control of the military—a hallmark of democratic nations—and is now working with parliamentary and military leaders in Mongolia, through the United States International Military Education and Training program, to further develop oversight of the Mongolia military; and

Whereas Mongolia is seeking to develop political and military relationships with neighboring countries as a means of enhancing regional stability: Now, therefore, be it
