AN ACT

To improve protection and management of the Chattahoochee River National Recreation Area in the State of Georgia.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. FINDINGS AND PURPOSES.**

4 (a) FINDINGS.—Congress finds that—

1 (1) the Chattahoochee River National Recre-
2 ation Area in the State of Georgia is a nationally
3 significant resource;

4 (2) the Chattahoochee River National Recre-
5 ation Area has been adversely affected by land use
6 changes occurring inside and outside the recreation
7 area;

8 (3) the population of the metropolitan Atlanta
9 area continues to expand northward, leaving dwin-
10 dling opportunities to protect the scenic, rec-
11 reational, natural, and historical values of the 2,000-
12 foot-wide corridor adjacent to each bank of the
13 Chattahoochee River and its impoundments in the
14 48-mile segment known as the “area of national con-
15 cern”;

16 (4) the State of Georgia has enacted the Metro-
17 politan River Protection Act to ensure protection of
18 the corridor located within 2,000 feet of each bank
19 of the Chattahoochee River, or the corridor located
20 within the 100-year floodplain, whichever is larger;

21 (5) the corridor located within the 100-year
22 floodplain includes the area of national concern;

23 (6) since establishment of the Chattahoochee
24 River National Recreation Area, visitor use of the

1 recreation area has shifted dramatically from water-
2 borne to water-related and land-based activities;

3 (7) the State of Georgia and political subdivi-
4 sions of the State along the Chattahoochee River
5 have indicated willingness to join in a cooperative ef-
6 fort with the United States to link existing units of
7 the recreation area through a series of linear cor-
8 ridors to be established within the area of national
9 concern and elsewhere on the river; and

10 (8) if Congress appropriates funds in support of
11 the cooperative effort described in paragraph (7),
12 funding from the State, political subdivisions of the
13 State, private foundations, corporate entities, private
14 individuals, and other sources will be available to
15 fund more than half the estimated cost of the coop-
16 erative effort.

17 (b) PURPOSES.—The purposes of this Act are—

18 (1) to increase the level of protection of the
19 open spaces within the area of national concern
20 along the Chattahoochee River and to enhance vis-
21 itor enjoyment of the open spaces by adding land-
22 based linear corridors to link existing units of the
23 recreation area;

24 (2) to ensure that the Chattahoochee River Na-
25 tional Recreation Area is managed to standardize

1 acquisition, planning, design, construction, and oper-
2 ation of the linear corridors; and

3 (3) to authorize the appropriation of Federal
4 funds to cover a portion of the costs of the Federal,
5 State, local, and private cooperative effort to add ad-
6 ditional areas to the recreation area so as to estab-
7 lish a series of linear corridors linking existing units
8 of the recreation area and to protect other open
9 spaces of the Chattahoochee River corridor.
