## IN THE SENATE OF THE UNITED STATES

NOVEMBER 10, 1999

Mr. MACK (for himself and Mrs. HUTCHISON) introduced the following bill;  
which was read twice and referred to the Committee on Finance

---

## A BILL

To amend the Internal Revenue Code of 1986 to provide for the creation of disaster protection funds by property and casualty insurance companies for the payment of policyholders' claims arising from future catastrophic events.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the "Policyholder Disaster  
5 Protection Act of 1999".

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

1           (1) Rising costs resulting from major natural  
2 disasters are placing an increasing strain on the  
3 ability of property and casualty insurance companies  
4 to assure payment of homeowners' claims and other  
5 insurance claims arising from major natural disas-  
6 ters now and in the future.

7           (2) Present tax laws do not provide adequate  
8 incentives to assure that natural disaster insurance  
9 is provided or, where such insurance is provided,  
10 that funds are available for payment of insurance  
11 claims in the event of future catastrophic losses from  
12 major natural disasters, as present law requires an  
13 insurer wishing to accumulate surplus assets for this  
14 purpose to do so entirely from its after-tax retained  
15 earnings.

16           (3) Revising the tax laws applicable to the prop-  
17 erty and casualty insurance industry to permit care-  
18 fully controlled accumulation of pretax dollars in  
19 separate reserve funds devoted solely to the payment  
20 of claims arising from future major natural disasters  
21 will provide incentives for property and casualty in-  
22 surers to make natural disaster insurance available,  
23 will give greater protection to the Nation's home-  
24 owners, small businesses, and other insurance con-

1       sumers, and will help assure the future financial  
2       health of the Nation's insurance system as a whole.

3           (4) Implementing these changes will reduce the  
4       possibility that a significant portion of the private  
5       insurance system would fail in the wake of a major  
6       natural disaster and that governmental entities  
7       would be required to step in to provide relief at tax-  
8       payer expense.

9       **SEC. 3. CREATION OF POLICYHOLDER DISASTER PROTEC-**  
10                   **TION FUNDS; CONTRIBUTIONS TO AND DIS-**  
11                   **TRIBUTIONS FROM FUNDS; OTHER RULES.**
