

108TH CONGRESS
2^D SESSION

H. R. 4116

IN THE SENATE OF THE UNITED STATES

DECEMBER 8, 2004

Received

AN ACT

To require the Secretary of the Treasury to mint coins celebrating the recovery and restoration of the American bald eagle, the national symbol of the United States, to America's lands, waterways, and skies and the great importance of the designation of the American bald eagle as an "endangered" species under the Endangered Species Act of 1973, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “American Bald Eagle
5 Recovery and National Emblem Commemorative Coin
6 Act”.

7 **SEC. 2. FINDINGS.**

8 The Congress finds as follows:

9 (1) The bald eagle was designated as the na-
10 tional emblem of the United States on June 20,
11 1782, by our country’s Founding Fathers at the
12 Second Continental Congress.

13 (2) The bald eagle is the greatest visible symbol
14 of the spirit of freedom and democracy in the world.

15 (3) The bald eagle species is unique to North
16 America and represents the American values and at-
17 tributes of freedom, courage, strength, spirit, loyalty,
18 justice, equality, democracy, quality, and excellence.

19 (4) The bald eagle is the central image used in
20 the Great Seal of the United States and the seal of
21 many branches and departments of the United
22 States Government, including the President and the
23 Vice President of the United States, the United
24 States Congress, the Department of Defense, the
25 Department of the Treasury, the Department of

1 Justice, the Department of State, the Department of
2 Commerce, the Department of Homeland Security,
3 and the United States Postal Service.

4 (5) The bald eagle’s image and symbolism have
5 played a profound role in establishing and honoring
6 American beliefs and traditions.

7 (6) The bald eagle’s image and symbolism have
8 influenced American art, music, history, literature,
9 commerce, and culture since the founding of our Na-
10 tion.

11 (7) The bald eagle species was once threatened
12 with possible extinction in the lower 48 States but
13 is now making a gradual, encouraging recovery with-
14 in America’s lands, waterways, and skies.

15 (8) The bald eagle was federally classified as an
16 “endangered” species in 1973 under the Endangered
17 Species Act of 1973, and, in 1995, was removed
18 from the “endangered” species list and upgraded to
19 the less imperiled “threatened” status under such
20 Act.

21 (9) The administration is likely to officially
22 delist the bald eagle from both the “endangered”
23 and “threatened” species lists under the Endangered
24 Species Act of 1973 by no later than 2008.

1 (10) The initial recovery of the bald eagle popu-
2 lation in the United States was accomplished by the
3 vigilant efforts of numerous caring agencies, cor-
4 porations, organizations, and citizens.

5 (11) The continued caring and concern of the
6 American people and the further restoration and
7 protection of the bald eagle and its habitat is nec-
8 essary to guarantee the full recovery and survival of
9 this precious national treasure for future genera-
10 tions.

11 (12) Since the Endangered Species Act of 1973
12 requires that delisted species be administratively
13 monitored for a 5-year period, the bald eagle nests
14 in 49 States will require continual monitoring after
15 the bald eagle is removed from the protection of
16 such Act; and such efforts will require substantial
17 funding to the Federal and State agencies and pri-
18 vate organizations that will conduct such monitoring.

19 (13) Due to Federal and State budget cutting
20 and balancing trends, funding for on-going bald
21 eagle care, restoration, monitoring, protection, and
22 enhancement programs has diminished annually.

23 (14) In anticipation of the nationwide observ-
24 ance of the official removal, by 2008, of the bald
25 eagle from the “threatened” species list under the

1 Endangered Species Act of 1973, and the 35th anni-
2 versary, in 2008, of the Endangered Species Act of
3 1973 and the designation of the bald eagle as an
4 “endangered” species under such Act, Congress
5 wishes to offer the opportunity for all persons to vol-
6 untarily participate in raising funds for future bald
7 eagle recovery, monitoring, and preservation efforts
8 and to contribute to a special American Eagle Fund
9 endowment managed by the not-for-profit American
10 Eagle Foundation of Tennessee in the United
11 States, in cooperation with fund management ex-
12 perts.

13 (15) It is appropriate for Congress to authorize
14 coins—

15 (A) celebrating the recovery and restora-
16 tion of the bald eagle, the living symbol of free-
17 dom in the United States, to America’s lands,
18 waterways, and skies;

19 (B) commemorating the removal of the
20 bald eagle from the “endangered” and “threat-
21 ened” species lists under the Endangered Spe-
22 cies Act of 1973; and

23 (C) commemorating the 35th anniversary
24 of the enactment of the Endangered Species
25 Act of 1973 and the designation of the bald

1 eagle as an “endangered” species under such
2 Act.
