

109TH CONGRESS  
1ST SESSION

# H. R. 4598

To provide for an awareness program, and a study, on a rare form of  
breast cancer.

---

## IN THE HOUSE OF REPRESENTATIVES

DECEMBER 16, 2005

Mr. KING of New York introduced the following bill; which was referred to  
the Committee on Energy and Commerce

---

## A BILL

To provide for an awareness program, and a study, on a  
rare form of breast cancer.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Paget’s Cancer Aware-  
5 ness Act”.

6 **SEC. 2. FINDINGS.**

7 The Congress finds as follows:

8 (1) Paget’s disease of the breast is a rare can-  
9 cer of the nipple, accounting for a small fraction of  
10 all breast cancers. The cancer is a different disease

1 than any other, not to be confused with Paget's dis-  
2 ease, a devastating bone disease.

3 (2) In Paget's disease of the breast, the abnor-  
4 mal cells begin growing in the milk ducts of the nip-  
5 ple and can develop into a tumor.

6 (3) The cancer usually appears in women, but  
7 can also affect males.

8 (4) It is a slow growing cancer, and with proper  
9 treatment can be cured.

10 (5) The symptoms of the cancer appear to be  
11 harmless. The symptoms in the nipple closely resem-  
12 ble a skin inflammation (dermatitis) or infection.  
13 This can lead to unfortunate delays in detection and  
14 care.

15 (6) By the time the cancer is diagnosed, many  
16 patients have a palpable mass. The underlying can-  
17 cer may be invasive or in situ.

18 (7) Standard treatment is identical to that for  
19 other forms of breast cancer, and the prognosis de-  
20 pends on the invasiveness and size of the tumor and  
21 the presence or absence of lymph node involvement.

22 **SEC. 3. PROGRAMS REGARDING PAGET'S CANCER.**

23 (a) AWARENESS PROGRAM.—The Secretary of  
24 Health and Human Services (in this section referred to  
25 as the "Secretary") shall carry out a program to provide

1 information and education to health professionals and the  
2 general public on the symptoms of and treatment for  
3 Paget's disease of the breast.

4 (b) STUDY.—

5 (1) IN GENERAL.—The Secretary shall conduct  
6 a study for the purpose of carrying out the following  
7 with respect to Paget's disease of the breast:

8 (A) Collecting data to identify the full  
9 range of symptoms associated with the disease,  
10 and to identify the average time elapsing be-  
11 tween the onset of symptoms and the diagnosis  
12 and treatment of the disease.

13 (B) Collecting demographic data regarding  
14 the disease, including data specific to the preva-  
15 lence of the disease in demographic populations  
16 according to race, ethnicity, gender, age, and  
17 geographic region of residence.

18 (2) REPORT.—Not later than 24 months after  
19 the date of the enactment of this Act, the Secretary  
20 shall complete the study under paragraph (1) and  
21 submit to the Congress a report describing the find-  
22 ings made in the study.

23 (c) AUTHORIZATION OF APPROPRIATIONS.—For the  
24 purpose of carrying out this section, there are authorized

- 1 to be appropriated such sums as may be necessary for
- 2 each of the fiscal years 2006 through 2008.
