## CONCURRENT RESOLUTION

Recognizing the importance of the United States wine  
industry to the American economy.

Whereas the United States is one of the largest wine producing countries in the world, with the United States wine, grape, and grape products industry representing

more than 1 percent of the \$13,800,000,000 American economy in 2007;

Whereas the wine and winegrape industry of Texas has an economic impact of \$1,000,000,000 on the economy of Texas;

Whereas since 2000, the wine and winegrape industry of Texas has experienced tremendous growth, with nearly 90 percent of that growth resulting from an increase in the number and revenue of small wineries producing less than 5,000 gallons of wine each year; and

Whereas in 2005, the wine and winegrape industry of Texas—

(1) included 113 wineries and 220 commercial growers of winegrapes on 2,900 acres;

(2) produced over 626,000 cases of wine;

(3) provided the equivalent of 8,000 full-time jobs and paid over \$234,000,000 in wages to workers;

(4) generated revenue from wineries that produced an economic impact of \$91,500,000 on the economy of Texas;

(5) generated over \$10,000,000 in revenue from vineyards in Texas;

(6) attracted over 868,000 tourists to Texas, who spent over \$220,000,000; and

(7) generated over \$69,000,000 in Federal, State, and local taxes: Now, therefore, be it
