2 product is intended for use by a child 7 years of age  
3 or younger, the following factors shall be considered:

4 (A) A statement by a manufacturer about  
5 the intended use of such product, including a  
6 label on such product, if such statement is rea-  
7 sonable.

8 (B) Whether the product is represented in  
9 its packaging, display, promotion, or advertising  
10 as appropriate for children 7 years of age or  
11 younger.

12 (C) Whether the product is commonly rec-

22 U.S.C. 2052).

23 (b) BAN IN CHILDREN’S PRODUCTS.—Beginning on  
24 the date that is 180 days after the date of enactment of  
25 this Act, any children’s product that contains a detectable

1 amount of bisphenol A (commonly known as “BPA”) shall  
2 be treated as a banned hazardous substance under the

4 seq.) and the prohibitions contained in section 4 of such  
5 Act shall apply.

6 **SEC. 3. STUDY BY THE CDC.**

11 bisphenol A exposure in all age groups and in pregnant

13 **SEC. 4. NO PREEMPTION OF MORE PROTECTIVE STATE**  
14 **LAWS.**

15 Nothing in this Act or section 18(b)(1)(B) of the  
16 Federal Hazardous Substances Act (15 U.S.C. 1261 note)  
17 shall affect the authority of any State or political subdivi-  
18 sion of a State to establish or continue in effect a provision  
19 of the law of a State or political subdivision of a State  
20 relating to regulation of products containing bisphenol A,  
21 except to the extent that such provision of law is incon-  
22 sistent with the provisions of this Act, and then only to  
23 the extent of such inconsistency. A provision of the law  
24 of a State or political subdivision of a State is not incon-
