IN THE SENATE OF THE UNITED STATES

MAY 22, 2008

Mr. CORNYN (for himself, Mr. VITTER, Mr. ALLARD, Mr. CRAIG, Mrs. DOLE, Mr. ROBERTS, Mr. INHOFE, Mr. ENSIGN, Mr. MARTINEZ, Mr. GRASSLEY, Mr. STEVENS, Mr. CHAMBLISS, Mr. BUNNING, Mr. KYL, Mrs. HUTCHISON, Mr. ENZI, Mr. WICKER, Mr. COBURN, Mr. COLEMAN, Mr. ISAKSON, Mr. BOND, Mr. LUGAR, and Mr. THUNE) introduced the following bill; which was read twice and referred to the Committee on Rules and Administration

A BILL

To amend the Uniformed and Overseas Citizens Absentee Voting Act to improve procedures for the collection and delivery of absentee ballots of absent overseas uniformed services voters, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Military Voting Protec-
5 tion Act of 2008”.

1 **SEC. 2. FINDINGS.**

2 Congress makes the following findings:

3 (1) In the defense of freedom, members of the
4 United States Armed Forces are routinely deployed
5 to overseas theaters of combat, assigned to overseas
6 locations, and assigned to ocean-going vessels far
7 from home.

8 (2) As the United States continues to fight the
9 Global War on Terror, the substantial need for over-
10 seas service by members of the Armed Forces will
11 continue, as we live in what senior Army leaders
12 have referred to as an “era of persistent conflict”.

13 (3) The right to vote is one of the most basic
14 and fundamental rights enjoyed by Americans, and
15 one which the members of the Armed Forces bravely
16 defend both at home in the United States and over-
17 seas.

18 (4) The decisions of elected officials of the
19 United States Government directly impact the mem-
20 bers of the Armed Forces who are often called to de-
21 ploy or otherwise serve overseas as a result of deci-
22 sions made by such elected officials.

23 (5) The ability of the members of the Armed
24 Forces to vote while serving overseas has been ham-
25 pered by numerous factors, including inadequate
26 processes for ensuring their timely receipt of absen-

1 tee ballots, delivery methods that are typically slow
2 and antiquated, and a myriad of absentee voting
3 procedures that are often confusing and vary among
4 the several States.

5 (6) The Uniformed and Overseas Citizens Ab-
6 sentee Voting Act, which requires the States to allow
7 absentee voting for members of the Armed Forces
8 and other specified groups of United States citizens,
9 was intended to protect the voting rights of members
10 of the Armed Forces.

11 (7) According to a survey conducted by the
12 United States Election Assistance Commission in
13 September 2007, at least 992,034 absentee ballots
14 were requested in the 2006 general election under
15 the Uniformed and Overseas Citizens Absentee Vot-
16 ing Act. However, less than one-third of such bal-
17 lots, or approximately 330,000 out of 992,034, were
18 ultimately received by local election officials, evidenc-
19 ing an unacceptable failure of the current absentee
20 ballot system in ensuring that those who defend our
21 freedom and the American way of life have a voice
22 in choosing their elected officials.

23 (8) The United States Election Assistance
24 Commission specifically found that, of the overseas
25 members of the Armed Forces who requested ballots

1 for the 2006 election, only 47.6 percent actually cast
2 a ballot or had their cast ballot counted.

3 (9) According to the survey, of all the absentee
4 ballots under the Uniformed and Overseas Citizens
5 Absentee Voting Act not counted in the 2006 gen-
6 eral election, more than 70 percent were not counted
7 because they were either sent back to local election
8 officials as undeliverable (likely due to a bad ad-
9 dress), or were sent in by the voter but received by
10 local election officials after the deadline for receipt.

11 (10) The current system of absentee voting for
12 overseas members of the Armed Forces could be
13 greatly improved by decreasing delays in the process,
14 and certain steps by the Department of Defense, in-
15 cluding utilization of express mail services for the
16 delivery of completed absentee ballots, would address
17 the major sources of delay.

18 (11) Modern technology continues to rapidly
19 advance, greatly expanding the range of potential so-
20 lutions to these problems and increasing the ability
21 to remove obstacles encountered by overseas mem-
22 bers of the Armed Forces in the past in trying to
23 cast their votes.

1 **SEC. 3. PROCEDURES FOR COLLECTION AND DELIVERY OF**
2 **ABSENTEE BALLOTS OF ABSENT OVERSEAS**
3 **UNIFORMED SERVICES VOTERS.**

13 sent overseas uniformed services voters in regularly sched-
14 uled general elections for Federal office, including absen-

17 livering the ballots to the appropriate election officials.

19 POLLS.—

20 “(1) IN GENERAL.—Under the procedures es-
21 tablished under this section, the Presidential des-
22 ignee shall ensure (either directly or by contract)
23 that any absentee ballot for a regularly scheduled
24 general election for Federal office which is collected
25 prior to the applicable deadline described in para-
26 graph (2) is delivered to the appropriate election of-

1 ficial in a State prior to the time established by the
2 State for the closing of the polls on the date of the
3 election.

4 “(2) CONTRACT WITH EXPRESS MAIL PRO-

12 COLLECTION OF ABSENTEE BALLOTS.—In the

3 cedes the date of the election; or

4 “(B) in the case of a location for which the
5 Presidential designee determines that the appli-
6 cable deadline under subparagraph (A) is not
7 sufficient to ensure timely delivery of the ballot
8 under paragraph (1) because of remoteness or
9 other factors, noon (in the location in which the
10 ballot is collected) on such date prior to the last
11 Friday that precedes the date of the election as
12 the Presidential designee establishes.

13 “(4) PROHIBITING REFUSAL BY STATE TO AC-
14 CEPT BALLOTS NOT DELIVERED BY POSTAL SERVICE
15 OR IN PERSON.—A State may not refuse to accept
16 or process any absentee ballot delivered under the
17 procedures established under this section on the
18 grounds that the ballot is received by the State other
19 than through delivery by the United States Postal
20 Service or delivery in person.

21 “(c) TRACKING MECHANISM.—Under the procedures
22 established under this section, the entity responsible for
23 delivering absentee ballots to the appropriate election offi-

1 election for Federal office is collected by the Presidential
2 designee to determine whether the ballot has been deliv-

4 an automated telephone system, or such other methods as
5 the entity may provide.

12 private and independent manner, and take such ac-
13 tions as may be required to protect the privacy of
14 the contents of absentee ballots cast by absent uni-
15 formed services voters and overseas voters while
16 such ballots are in the Presidential designee’s pos-
17 session or control.”.

18 **SEC. 5. SENSE OF CONGRESS ON USE OF TECHNOLOGY TO**
19 **IMPROVE ABSENTEE BALLOTING BY MEM-**
20 **BERS OF THE ARMED FORCES.**

21 (a) FINDINGS.—Congress makes the following find-
22 ings:

23 (1) The majority of the overseas members of
24 the Armed Forces, whether deployed or regularly

1 stationed overseas, have regular access to computers
2 and the Internet.

3 (2) The majority of the members of the Armed
4 Forces have already proven themselves able to rou-
5 tinely conduct electronic transactions involving sen-
6 sitive personal information, including transactions
7 relating to pay and allowances, allotments, perform-
8 ance reviews, and payment of income taxes.

9 (3) Strong evidence exists that the implementa-
10 tion of secure electronic voting for deployed mem-
11 bers of the Armed Forces is an achievable goal. Aus-
12 tralia, an important ally of the United States, has
13 successfully utilized electronic voting for its deployed
14 military members through a trial program run by
15 the Department of Defence of Australia and the
16 Australian Electoral Commission. In November,
17 2007, military members of Australia deployed to
18 Iraq, Timor-Leste, and the Solomon Islands voted in
19 the federal election in Australia through a secure
20 encrypted electronic voting system that makes use of
21 the secure communications infrastructure of the De-
22 partment of Defence of Australia.

23 (b) SENSE OF CONGRESS.—In light of the findings
24 in subsection (a), it is the sense of Congress that the De-
25 partment of Defense—

1 (1) should work to utilize existing and emerging
2 technologies and procedures that have the potential
3 to enhance the ability of the members of the Armed
4 Forces (whether overseas or in the United States
5 but not located in reasonable proximity to their reg-
6 istered voting locations) to meaningfully participate
7 in elections and have their votes counted; and

8 (2) should continue to closely examine the op-
9 tion of electronic voting for overseas members of the
10 Armed Forces, focusing on systems and procedures
11 that are efficient, cost-effective, secure, and well-
12 suited to achieve the important objectives of pro-
13 tecting voter privacy and guarding against voter
14 fraud.
