HEALTH COVERAGE AVAILABILITY AND AFFORDABILITY
ACT OF 1996

MARCH 27, 1996.—Referred to the House Calendar and ordered to be printed

Mr. GOSS, from the Committee on Rules, submitted the following

REPORT

[To accompany H. Res. 392]

The Committee on Rules, having had under consideration House Resolution 392, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

BRIEF SUMMARY OF PROVISIONS OF RESOLUTION

The resolution provides for the consideration of H.R. 3103, the Health Coverage Availability and Affordability Act of 1996 under a modified closed rule. The rule provides two hours of general debate with 45 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Ways and means, 45 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Commerce, and 30 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Economic and Educational Opportunities.

The resolution provides that the amendment in the nature of a substitute consisting of the text of H.R. 3160, modified by the amendment specified in part 1 of the report of the Committee on Rules, will be considered as adopted. It waives all points of order against the bill, as amended, and its consideration except those arising under section 425(a) of the Congressional Budget Act of 1974 (relating to unfunded mandates). It also provides that the previous question shall be considered as ordered on the bill, as amended, and on any further amendment thereto to final passage, without intervening motion except as specified.

The resolution provides for one amendment in the nature of a substitute to be offered by the Minority Leader or his designee, specified in part 2 of the report of the Committee on Rules, which

shall be in order without the intervention of any point of order (except those arising under section 425(a) of the Congressional Budget Act of 1974) or demand for division of the question, and shall be debatable for one hour to be divided equally between the proponent and an opponent.

The resolution provides for one motion to recommit, which may include instructions if offered by the Minority Leader or his designee.

Finally, The resolution provides that the yeas and nays are ordered on final passage and that the provisions of clause 5(c) of rule XXI (requiring a three-fifths vote on any amendment or measure containing a Federal income tax rate increase) shall not apply to the votes on the bill, amendments thereto or conference reports thereon.
