#### PURPOSE AND SUMMARY

The purpose of H.R. 4108, the “Secure Our Schools Act,” is to amend title I of the Omnibus Crime Control and Safe Streets Act of 1968 to authorize the appropriation of \$60 million for each of fiscal years 2001 through 2003 in grants to State and local governments and Indian tribes to improve security at schools. Up to 50% of the costs of security enhancement programs would be paid by the Federal Government through such grants, and money would be distributed directly to qualifying States, units of local government, and Indian tribes. Grants could be used for the placement and use of metal detectors, locks, lighting, and other deterrent measures, security assessments, security training of personnel and students, coordination with local law enforcement, and any other measure that the Attorney General determines may provide a significant improvement in security.

#### BACKGROUND AND NEED FOR THE LEGISLATION

Over the past few years, public concern over school safety has grown tremendously, fueled in part by tragic shootings at Columbine High School in Littleton, Colorado, and Westside Middle School in Jonesboro, Arkansas. The shootings in these and other schools across the Nation have demonstrated the continued need to improve school safety. Safe and secure schools facilitate teaching and learning, while violence, or the threat of violence, diverts attention and valuable resources away from the educational mission.

The safety of children in the Nation’s schools is a community and national concern, and as such, schools alone should not be solely responsible for providing funding for security measures. H.R. 4108 would give State and local governments an incentive to improve school security by providing matching grants.

## COMMITTEE CONSIDERATION

Vote on final passage: passed by voice vote.

## COMMITTEE OVERSIGHT FINDINGS

In compliance with clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the committee reports that the findings and recommendations of the committee, based in oversight activities under clause 2(b)(1) of rule X of the Rules of the House of Representatives, are incorporated in the descriptive portions of this report.

## COMMITTEE ON GOVERNMENT REFORM FINDINGS

No findings or recommendations of the Committee on Government Reform and Oversight were received as referred to in clause 3(c)(4) of rule XIII of the Rules of the House of Representatives.

## NEW BUDGET AUTHORITY AND TAX EXPENDITURES

## CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

In compliance with clause 3(c)(3) of rule XIII of the Rules of the House of Representatives, the committee sets forth, with respect to the bill H.R. 4108, the following estimate and comparison prepared by the Director of the Congressional Budget Office under section 403 of the Congressional Budget Act of 1974:

U.S. CONGRESS,

*H.R. 4108—Secure Our Schools Act.*

#### SUMMARY

H.R. 4108 would authorize the appropriation of \$60 million for each of fiscal years 2001 through 2003 for the Department of Justice to make grants to state and local governments and Indian tribes to improve security at schools. Assuming appropriation of the authorized amounts, CBO estimates that implementing H.R. 4108 would cost \$177 million over the 2001–2005 period. This legislation would not affect direct spending or receipts, so pay-as-you-go procedures would not apply.

H.R. 4108 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and could benefit state, local, and tribal governments that receive the grants established by the bill. Any costs incurred by these governments to provide matching funds would be voluntary.

#### ESTIMATED COST TO THE FEDERAL GOVERNMENT

For this estimate, CBO assumes that the amounts authorized in H.R. 4108 will be appropriated by the start of each fiscal year and that outlays will follow historical spending patterns for similar grant programs. The estimated budgetary impact of H.R. 4108 is shown in the following table. The costs of this legislation fall within budget function 750 (administration of justice).

By fiscal year, in millions of dollars

|  | 2001 | 2002 | 2003 | 2004 | 2005 |
|--|------|------|------|------|------|
| CHANGES IN SPENDING SUBJECT TO APPROPRIATION |      |      |      |      |      |
| Authorization Level                          | 60   | 60   | 60   | 0    | 0    |
| Estimated Outlays                            | 13   | 36   | 57   | 47   | 24   |

#### PAY-AS-YOU-GO CONSIDERATIONS:

None.

#### ESTIMATED IMPACT ON STATE, LOCAL, AND TRIBAL GOVERNMENTS

H.R. 4108 contains no intergovernmental mandates as defined in UMRA. The bill would establish a matching grant program for state, local, and tribal governments to provide improved security at schools and on school grounds. The grant funds could be used for specific security activities and equipment, with preferential consideration given to the neediest schools. The bill would require that a recipient provide at least 50 percent matching funds, unless the Attorney General waives or alters the requirement based on the recipient's financial need. The bill also would require the grants to

be distributed in an geographically equitable manner. Any costs incurred by state, local, and tribal governments to provide matching funds would be voluntary.

ESTIMATED IMPACT ON THE PRIVATE-SECTOR

H.R. 4108 would impose no new private-sector mandates as defined in UMRA.

Impact on State, Local, and Tribal Governments: Shelley Finlayson

CONSTITUTIONAL AUTHORITY STATEMENT

Pursuant to 3(d)(1) of rule XIII of the Rules of the House of Representatives, the committee finds the authority for this legislation in Article I, section 8 of the Constitution.

SECTION-BY-SECTION ANALYSIS AND DISCUSSION

*Sec. 1 Short Title.*

This section provides that the short title of the bill is the “Secure Our Schools Act.”

*Sec. 2. Matching Grant Program for School Security.*

This section amends title I of the Omnibus Crime Control and Safe Streets Act of 1968 by creating a matching grant program for school security. This program would be inserted as “Part AA—Matching Grant Program for School Security,” and is comprised of five sections, sections 2701 through 2705. Section 2701 authorizes the Attorney General to establish the grant program and award grants directly to States, units of local government, and Indian tribes to improve school security. Section 2701 also delineates how grant money may be used to improve security in schools and on school grounds, and it would permit the Attorney General to give preferential consideration to grant applications that have demonstrated a need for improved security or a need for financial assistance. Additionally, section 2701 establishes the matching funds criteria and requires that the Attorney General, to the extent practicable, ensure equitable geographic distribution of grant money among the regions of the United States and among urban, suburban and rural areas.

Section 2702 provides that applications for grants be submitted to the Attorney General. Each application shall include a detailed explanation of the intended use of the funds and how the activities funded under the grant will meet the purpose of this legislation. Additionally, section 2702 specifies that, within 90 days after enactment of the act, the Attorney General shall promulgate guidelines for submitting grant applications.

Section 2703 provides that not later than November 30th of each year, the Attorney General shall submit a report to the Congress regarding the activities carried out under this act.

Section 2704 defines several terms used in the act.

Section 2705 authorizes \$60 million in appropriations annually for fiscal years 2001 through 2003.
