

PROVIDING FOR CONSIDERATION OF H.R. 2590, TREASURY  
AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2002

---

JULY 24, 2001.—Referred to the House Calendar and ordered to be printed

---

Mr. LINDER, from the Committee on Rules,  
submitted the following

REPORT

[To accompany H. Res. 206]

The Committee on Rules, having had under consideration House Resolution 206, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 2590, the Treasury and General Government Appropriations Act, 2002, under an open rule. The rule provides one hour of general debate equally divided and controlled by the chairman and ranking minority member of the Committee on Appropriations. The rule waives all points of order against consideration of the bill, and provides that the bill shall be considered for amendment by paragraph.

The rule provides that the amendments printed in this report shall be considered as adopted. The rule waives points of order against provisions in the bill, as amended, for failure to comply with clause 2 of rule XXI (prohibiting unauthorized or legislative provisions in a general appropriations bill).

The rule waives all points of order against the amendment printed in the Congressional Record and numbered 5, which may be offered only by Representative Smith of New Jersey or his designee and only at the appropriate point in the reading of the bill and shall be considered as read.

The rule allows the Chairman of the Committee of the Whole to accord priority in recognition to Members who have preprinted their amendments in the Congressional Record. Finally, the rule provides one motion to recommit with or without instructions.

The waiver of all points of order against consideration of the bill includes a waiver of clause 4 of rule XIII (requiring a three-day lay-over of the committee report) because the report was not filed until

Monday, July 23, and the bill may be considered on the floor as early as Wednesday, July 25. The waiver also includes a waiver of section 306 of the Congressional Budget Act of 1974 (prohibiting consideration of legislation within the Budget Committee's jurisdiction, unless reported by the Budget Committee), because Title III includes a provision that falls within the jurisdiction of the Budget Committee that has not been reported by that committee.

The waiver of clause 2 of rule XXI is necessary because there are several unauthorized and legislative provisions in the bill, which are listed in the report accompanying H.R. 2590 (H. Rept. 107-152). The description of provisions relating to the transfers of funds and descriptions of provisions constituting legislation on an appropriations bill and unauthorized provisions can also be found in the report.

SUMMARY OF AMENDMENTS TO BE CONSIDERED AS ADOPTED UNDER  
THE RULE

Amendment No. 1: Strikes \$60 million for security at the 2002 Winter Olympics and reallocates it as follows: \$2.9 million for the Customs Air and Marine Interdiction Program; \$2.0 million for the Customs Service for intellectual property rights enforcement; \$4.7 million for the Treasury's Federal Law Enforcement Training Center; \$2.4 million for additional HIDTAs; \$20 million for GSA construction activities; and \$27.9 million for partial costs associated with pay parity for civilian employees.
