Act for Fiscal
Year 1999.

To authorize appropriations for fiscal year 1999 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Forces, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; FINDINGS.

(a) **SHORT TITLE.**—This Act may be cited as the “Strom Thurmond National Defense Authorization Act for Fiscal Year 1999”.

(b) **FINDINGS.**—Congress makes the following findings:

(1) Senator Strom Thurmond of South Carolina first became a member of the Committee on Armed Services of the United States Senate on January 19, 1959. Senator Thurmond’s continuous service on that committee covers more than 75 percent of the period of the existence of the committee, which was established immediately after World War II, and more than 20 percent of the period of the existence of military and naval affairs committees of Congress, the original bodies of which were formed in 1816.

(2) Senator Thurmond came to Congress and the committee as a distinguished veteran of service, including combat service, in the Armed Forces of the United States.

(3) Senator Thurmond was commissioned as a reserve second lieutenant of infantry in 1924. He served with great distinction with the First Army in the European Theater of Operations during World War II, landing in Normandy in a glider with the 82nd Airborne Division on D-Day. He was transferred to the Pacific Theater of Operations at the end of the war in Europe and was serving in the Philippines when Japan surrendered.

(4) Having reverted to Reserve status at the end of World War II, Senator Thurmond was promoted to brigadier general in the United States Army Reserve in 1954. He served as President of the Reserve Officers Association beginning that same year and ending in 1955. Senator Thurmond was promoted to major general in the United States Army Reserve in 1959. He transferred to the Retired Reserve on January 1, 1965, after 36 years of commissioned service.

(5) The distinguished character of Senator Thurmond’s military service has been recognized by awards of numerous decorations that include the Legion of Merit, the Bronze Star medal with “V” device, the Army Commendation Medal, the Belgian

Cross of the Order of the Crown, and the French Croix de Guerre.

(6) Senator Thurmond has served as chairman of the Committee on Armed Services of the United States Senate since 1995 and served as the ranking minority member of the committee from 1993 to 1995. Senator Thurmond concludes his service as chairman at the end of the One Hundred Fifth Congress, but is to continue to serve the committee as a member in successive Congresses.

(7) This Act is the fortieth annual authorization bill for the Department of Defense for which Senator Thurmond has taken a major responsibility as a member of the Committee on Armed Services of the Senate.

(8) Senator Thurmond, as an Army officer and a legislator, has made matchless contributions to the national security of the United States that, in duration and in quality, are unique.

(9) It is altogether fitting and proper that this Act, the last annual authorization Act for the national defense that Senator Thurmond manages in and for the United States Senate as chairman of the Committee on Armed Services, be named in his honor, as provided in subsection (a).

Subtitle C—Ballistic Missile Defense

SEC. 231. SENSE OF CONGRESS ON NATIONAL MISSILE DEFENSE COVERAGE.

It is the sense of Congress that—

(1) any national missile defense system deployed by the United States must provide effective defense against limited, accidental, or unauthorized ballistic missile attack for all 50 States; and

(2) the territories of the United States should be afforded effective protection against ballistic missile attack.

SEC. 232. LIMITATION ON FUNDING FOR THE MEDIUM EXTENDED AIR DEFENSE SYSTEM.

None of the funds appropriated for fiscal year 1999 for the Ballistic Missile Defense Organization may be obligated for the Medium Extended Air Defense System (MEADS) until the Secretary of Defense certifies to Congress that the future-years defense program includes sufficient programmed funding for that system to complete the design and development phase. If the Secretary does not submit such a certification by January 1, 1999, then (effective as of that date) the funds appropriated for fiscal year 1999 for the Ballistic Missile Defense Organization that are allocated for the MEADS program shall be available to support alternative programmatic and technical approaches to meeting the requirement for mobile theater missile defense that was to be met by the MEADS system.

SEC. 233. LIMITATION ON FUNDING FOR COOPERATIVE BALLISTIC MISSILE DEFENSE PROGRAMS.

Of the funds appropriated for fiscal year 1999 for the Russian-American Observational Satellite (RAMOS) program, \$5,000,000 may not be obligated until the Secretary of Defense certifies to Congress that the Department of Defense has received detailed information concerning the nature, extent, and military implications of the transfer of ballistic missile technology from Russian sources to Iran.

SEC. 234. SENSE OF CONGRESS WITH RESPECT TO BALLISTIC MISSILE DEFENSE COOPERATION WITH RUSSIA.

It is the sense of Congress that, as the United States proceeds with efforts to develop defenses against ballistic missile attack, the United States should seek to foster a climate of cooperation with Russia on matters related to ballistic missile defense and that, in particular, the United States and its NATO allies should seek to cooperate with Russia in such areas as early warning of ballistic missile launches.

President.

SEC. 321. SETTLEMENT OF CLAIMS OF FOREIGN GOVERNMENTS FOR ENVIRONMENTAL CLEANUP OF OVERSEAS SITES FORMERLY USED BY THE DEPARTMENT OF DEFENSE.

(a) NOTICE OF NEGOTIATIONS.—The President shall notify Congress before entering into any negotiations for the ex-gratia settlement of the claims of a government of another country against the United States for environmental cleanup of sites in that country that were formerly used by the Department of Defense.

(b) AUTHORIZATION REQUIRED FOR USE OF FUNDS FOR PAYMENT OF SETTLEMENT.—No funds may be used for any payment under an ex-gratia settlement of any claims described in subsection (a) unless the use of the funds for that purpose is specifically authorized by law or international agreement, including a treaty.

SEC. 322. AUTHORITY TO PAY NEGOTIATED SETTLEMENT FOR ENVIRONMENTAL CLEANUP OF FORMERLY USED DEFENSE SITES IN CANADA.

(a) FINDINGS.—Congress makes the following findings with respect to the authorization of payment of settlement with Canada in subsection (b) regarding environmental cleanup at formerly used defense sites in Canada:

(1) A unique and longstanding national security alliance exists between the United States and Canada.

(2) The sites covered by the settlement were formerly used by the United States and Canada for their mutual defense.

(3) There is no formal treaty or international agreement between the United States and Canada regarding the environmental cleanup of the sites.

(4) Environmental contamination at some of the sites could pose a substantial risk to the health and safety of the United States citizens residing in States near the border between the United States and Canada.

(5) The United States and Canada reached a negotiated agreement for an ex-gratia reimbursement of Canada in full satisfaction of claims of Canada relating to environmental contamination which agreement was embodied in an exchange of Notes between the Government of the United States and the Government of Canada.

(6) There is a unique factual basis for authorizing a reimbursement of Canada for environmental cleanup at sites in Canada after the United States departure from such sites.

(7) The basis for and authorization of such reimbursement does not extend to similar claims by other nations.

(8) The Government of Canada is committed to spending the entire \$100,000,000 of the reimbursement authorized in subsection (b) in the United States, which will benefit United States industry and United States workers.

SEC. 328. SENSE OF CONGRESS REGARDING OIL SPILL PREVENTION TRAINING FOR PERSONNEL ON BOARD NAVY VESSELS.

(a) FINDINGS.—Congress makes the following findings:

(a) FINDINGS.—Congress makes the following findings:

(1) The United States established the Asiatic Fleet of the Navy in 1910 to protect United States nationals, policies, and possessions in the Far East.

(3) In 1940, due to deteriorating political relations and increasing tensions between the United States and Japan, a reinforced Asiatic Fleet began concentrating on the defense of the Philippines and engaged in extensive training to ensure maximum operational readiness for any eventuality.

(4) Following the declaration of war against Japan in December 1941, the warships, submarines, and aircraft of the Asiatic Fleet courageously fought many battles against superior Japanese forces.

(5) The Asiatic Fleet directly suffered the loss of 22 vessels, 1,826 men killed or missing in action, and 518 men captured

note.

(a) **FINDINGS.**—Congress makes the following findings:

(1) Organ and tissue transplantation is one of the most remarkable medical success stories in the history of medicine.

(2) Each year, the number of people waiting for organ or tissue transplantation increases. It is estimated that there are approximately 39,000 patients, ranging in age from babies to those in retirement, awaiting transplants of kidneys, hearts, livers, and other solid organs.

(3) The Department of Defense has made significant progress in increasing the awareness of the importance of organ and tissue donations among members of the Armed Forces.

(4) The inclusion of organ and tissue donor elections in the Defense Enrollment Eligibility Reporting System (DEERS) central database represents a major step in ensuring that organ and tissue donor elections are a matter of record and are accessible in a timely manner.

(b) **RESPONSIBILITIES REGARDING ORGAN AND TISSUE DONATION.**—(1) Chapter 55 of title 10, United States Code, is amended by adding after section 1108, as added by section 721(a)(1), the following new section:

“(1) appropriate information about organ and tissue donation is provided—

“(A) to each officer candidate during initial training;

and

“(B) to each recruit—

and

“(ii) before arrival of the recruit at the first duty assignment of the recruit;

“(2) members of the armed forces are given recurring, specific opportunities to elect to be organ or tissue donors during service in the armed forces and upon retirement; and

“(3) members of the armed forces electing to be organ or tissue donors are encouraged to advise their next of kin concerning the donation decision and any subsequent change of that decision.

“(c) RESPONSIBILITIES OF THE SURGEONS GENERAL OF THE MILITARY DEPARTMENTS.—The Surgeons General of the military departments shall ensure that—

“(1) appropriate training is provided to enlisted and officer medical personnel to facilitate the effective operation of organ and tissue donation activities under garrison conditions and, to the extent possible, under operational conditions; and

(2) The table of sections at the beginning of such chapter is amended by adding after the item relating to section 1108, as added by section 721(a)(2), the following new item:

“1109. Organ and tissue donor program.”

Deadline.
10 USC 1109
note.

(c) REPORT.—Not later than September 1, 1999, the Secretary of Defense shall submit to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives a report on the implementation of section 1109 of title 10, United States Code (as added by subsection (b)).

SEC. 742. AUTHORIZATION TO ESTABLISH A LEVEL 1 TRAUMA TRAINING CENTER.

The Secretary of the Army is hereby authorized to establish a Level 1 Trauma Training Center (as designated by the American College of Surgeons) in order to provide the Army with a trauma center capable of training forward surgical teams.

SEC. 743. AUTHORITY TO ESTABLISH CENTER FOR STUDY OF POST-DEPLOYMENT HEALTH CONCERNS OF MEMBERS OF THE ARMED FORCES.

The Secretary of Defense is hereby authorized to establish a center devoted to a longitudinal study to evaluate data on the health conditions of members of the Armed Forces upon their return from deployment on military operations for purposes of ensuring the rapid identification of any trends in diseases, illnesses, or injuries among such members as a result of such operations.

SEC. 744. REPORT ON IMPLEMENTATION OF ENROLLMENT-BASED CAPITATION FOR FUNDING FOR MILITARY MEDICAL TREATMENT FACILITIES.

(a) **REPORT REQUIRED.**—The Secretary of Defense shall submit to Congress a report on the potential impact of using an enrollment-based capitation methodology to allocate funds for military medical treatment facilities. The report shall address the following:

(1) A description of the plans of the Secretary to implement an enrollment-based capitation methodology for military medical treatment facilities and with respect to contracts for the delivery of health care under the TRICARE program.

(2) The justifications for implementing an enrollment-based capitation methodology without first conducting a demonstration project for implementation of such methodology.

(3) The impact that implementation of an enrollment-based capitation methodology would have on the provision of space-available care at military medical treatment facilities, particularly in the case of care for—

(A) military retirees who are entitled to hospital insurance benefits under part A of title XVIII of the Social Security Act (42 U.S.C. 1395c et seq.); and

(B) covered beneficiaries under chapter 55 of title 10, United States Code, who reside outside the catchment area of a military medical treatment facility.

(4) The impact that implementation of an enrollment-based capitation methodology would have with respect to the pharmacy benefits provided at military medical treatment facilities, given that the enrollment-based capitation methodology would fund military medical treatment facilities based on the number of members at such facilities enrolled in TRICARE Prime, but all covered beneficiaries may fill prescriptions at military medical treatment facility pharmacies.

(5) An explanation of how additional funding will be provided for a military medical treatment facility if an enrollment-based capitation methodology is implemented to ensure that space-available care and pharmacy coverage can be provided to covered beneficiaries who are not enrolled at the military medical treatment facility, and the amount of funding that will be available.

(6) An explanation of how implementation of an enrollment-based capitation methodology would impact the provision of uniform benefits under TRICARE Prime, and how the Secretary would ensure, if such methodology were implemented, that the provision of health care under TRICARE Prime would not be bifurcated between the provision of such care at military medical treatment facilities and the provision of such care from civilian providers.

(b) **DEADLINE FOR SUBMISSION.**—The Secretary shall submit the report required by subsection (a) not later than March 1, 1999.

SEC. 745. JOINT DEPARTMENT OF DEFENSE AND DEPARTMENT OF VETERANS AFFAIRS REPORTS RELATING TO INTER-DEPARTMENTAL COOPERATION IN THE DELIVERY OF MEDICAL CARE.

10 USC 1071
note.

(a) **FINDINGS.**—Congress makes the following findings:

(1) The military health care system of the Department of Defense and the Veterans Health Administration of the

Department of Veterans Affairs are national institutions that collectively manage more than 1,500 hospitals, clinics, and health care facilities worldwide to provide services to more than 11,000,000 beneficiaries.

(2) In the post-Cold War era, these institutions are in a profound transition that involves challenging opportunities.

(3) During the period from 1988 to 1998, the number of military medical personnel has declined by 15 percent and the number of military hospitals has been reduced by one-third.

(4) During the 2 years since 1996, the Department of Veterans Affairs has revitalized its structure by decentralizing authority into 22 Veterans Integrated Service Networks.

(5) In the face of increasing costs of medical care, increased demands for health care services, and increasing budgetary constraints, the Department of Defense and the Department of Veterans Affairs have embarked on a variety of dynamic and innovative cooperative programs ranging from shared services to joint venture operations of medical facilities.

(6) In 1984, there was a combined total of 102 Department of Veterans Affairs and Department of Defense facilities with sharing agreements. By 1997, that number had grown to 420. During the six years from fiscal year 1992 through fiscal year 1997, shared services increased from slightly over 3,000 services to more than 6,000 services, ranging from major medical and surgical services, laundry, blood, and laboratory services to unusual speciality care services.

(7) The Department of Defense and the Department of Veterans Affairs are conducting four health care joint ventures in New Mexico, Nevada, Texas, and Oklahoma, and are planning to conduct four more such ventures in Alaska, Florida, Hawaii, and California.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Department of Defense and the Department of Veterans Affairs should be commended for the cooperation between the two departments in the delivery of medical care, of which the cooperation involved in the establishment and operation of the Department of Defense and the Department of Veterans Affairs Executive Council is a praiseworthy example;

(2) the Department of Defense and the Department of Veterans Affairs are encouraged to continue to explore new opportunities to enhance the availability and delivery of medical care to beneficiaries by further enhancing the cooperative efforts of the departments; and

(3) enhanced cooperation between the Department of Defense and the Department of Veterans Affairs is encouraged regarding—

(A) the general areas of access to quality medical care, identification and elimination of impediments to enhanced cooperation, and joint research and program development; and

(B) the specific areas in which there is significant potential to achieve progress in cooperation in a short term, including computerization of patient records systems, participation of the Department of Veterans Affairs in the

TRICARE program, pharmaceutical programs, and joint physical examinations.

(c) JOINT SURVEY OF POPULATIONS SERVED.—(1) The Secretary of Defense and the Secretary of Veterans Affairs shall jointly conduct a survey of their respective medical care beneficiary populations to identify, by category of beneficiary (defined as the Secretaries consider appropriate), the expectations of, requirements for, and behavior patterns of the beneficiaries with respect to medical care. The two Secretaries shall develop the protocol for the survey jointly, but shall obtain the services of an entity independent of the Department of Defense and the Department of Veterans Affairs to carry out the survey.

(2) The survey shall include the following:

(A) Demographic characteristics, economic characteristics, and geographic location of beneficiary populations with regard to catchment or service areas.

(B) The types and frequency of care required by veterans, retirees, and dependents within catchment or service areas of Department of Defense and Department of Veterans Affairs medical facilities and outside those areas.

(C) The numbers of, characteristics of, and types of medical care needed by the veterans, retirees, and dependents who, though eligible for medical care in Department of Defense or Department of Veterans Affairs treatment facilities or through other federally funded medical programs, choose not to seek medical care from those facilities or under those programs, and the reasons for that choice.

(D) The obstacles or disincentives for seeking medical care from such facilities or under such programs that are perceived by veterans, retirees, and dependents.

(E) Any other matters that the Secretary of Defense and the Secretary of Veterans Affairs consider appropriate for the survey.

(3) The Secretary of Defense or the Secretary of Veterans Affairs may waive the survey requirements under this subsection with respect to information that can be better obtained from a source other than the survey.

(4) The Secretary of Defense and the Secretary of Veterans Affairs shall submit a report on the results of the survey to the appropriate committees of Congress. The report shall contain the matters described in paragraph (2) and any proposals for legislation that the Secretaries recommend for enhancing Department of Defense and Department of Veterans Affairs cooperative efforts with respect to the delivery of medical care.

Reports.

(d) REVIEW OF LAW AND POLICIES.—(1) The Secretary of Defense and the Secretary of Veterans Affairs shall jointly conduct a review to identify impediments to cooperation between the Department of Defense and the Department of Veterans Affairs regarding the delivery of medical care. The matters reviewed shall include the following:

(A) All laws, policies, and regulations, and any attitudes of beneficiaries of the health care systems of the two departments, that have the effect of preventing the establishment, or limiting the effectiveness, of cooperative health care programs of the departments.

(B) The requirements and practices involved in the credentialing and licensure of health care providers.

(C) The perceptions of beneficiaries in a variety of categories (defined as the Secretaries consider appropriate) regarding the various Federal health care systems available for their use.

(D) The types and frequency of medical services furnished by the Department of Defense and the Department of Veterans Affairs through cooperative arrangements to each category of beneficiary (including active-duty members, retirees, dependents, veterans in the health-care eligibility categories referred to as Category A and Category C, and persons authorized to receive medical care under section 1713 of title 38, United States Code) of the other department.

(E) The extent to which health care facilities of the Department of Defense and Department of Veterans Affairs have sufficient capacity, or could jointly or individually create sufficient capacity, to provide services to beneficiaries of the other department without diminution of access or services to their primary beneficiaries.

(F) The extent to which the recruitment of scarce medical specialists and allied health personnel by the Department of Defense and the Department of Veterans Affairs could be enhanced through cooperative arrangements for providing health care services.

(G) The obstacles and disincentives to providing health care services through cooperative arrangements between the Department of Defense and the Department of Veterans Affairs.

Reports.

(2) The Secretaries shall jointly submit a report on the results of the review to the appropriate committees of Congress. The report shall include any proposals for legislation that the Secretaries recommend for eliminating or reducing impediments to interdepartmental cooperation that are identified during the review.

(e) PARTICIPATION IN TRICARE.—(1) The Secretary of Defense shall review the TRICARE program to identify opportunities for increased participation by the Department of Veterans Affairs in that program. The ongoing collaboration between Department of Defense officials and Department of Veterans Affairs officials regarding increased participation shall be included among the matters reviewed.

Reports.

(2) The Secretary of Defense and the Secretary of Veterans Affairs shall jointly submit to the appropriate committees of Congress a semiannual report on the status of the review under this subsection and on efforts to increase the participation of the Department of Veterans Affairs in the TRICARE program. No report is required under this paragraph after the submission of a semiannual report in which the Secretaries declare that the Department of Veterans Affairs is participating in the TRICARE program to the extent that can reasonably be expected to be attained.

(f) PHARMACEUTICAL BENEFITS AND PROGRAMS.—(1) The Department of Defense-Department of Veterans Affairs Federal Pharmacy Executive Steering Committee shall—

(A) undertake a comprehensive examination of existing pharmaceutical benefits and programs for beneficiaries of Department of Defense medical care programs, including matters relating to the purchasing, distribution, and dispensing of pharmaceuticals and the management of mail order pharmaceuticals programs; and

SEC. 903. INDEPENDENT TASK FORCE ON TRANSFORMATION AND DEPARTMENT OF DEFENSE ORGANIZATION.

(a) FINDINGS.—Congress finds the following:

(1) The post-Cold War era is marked by geopolitical uncertainty and by accelerating technological change, particularly with regard to information technologies.

(2) The combination of that geopolitical uncertainty and accelerating technological change portends a transformation in the conduct of war, particularly in ways that are likely to increase the effectiveness of joint operations.

(3) The Department of Defense must be organized appropriately in order to fully exploit the opportunities offered by, and to meet the challenges posed by, this anticipated transformation in the conduct of war.

(4) The basic organization of the Department of Defense was established by the National Security Act of 1947 and the 1949 amendments to that Act.

(5) The Goldwater-Nichols Department of Defense Reorganization Act of 1986 (Public Law 99-433) dramatically improved the capability of the Department of Defense to carry out operations involving joint forces, but did not specifically address issues pertaining to the development of joint operations.

(6) In the future, the ability to achieve improved operations of joint forces, particularly under rapidly changing technological conditions, will depend on improved force development for joint operations.

Establishment.

(b) INDEPENDENT TASK FORCE ON TRANSFORMATION AND DEPARTMENT OF DEFENSE ORGANIZATION.—The Secretary of Defense shall establish a task force of the Defense Science Board to examine the current organization of the Department of Defense with regard to the appropriateness of that organization for preparing for a transformation in the conduct of war. (1) The general organization of the Department of Defense, including whether responsibility and authority for issues relating to a transformation in the conduct of war are appropriately allocated, especially among the Office of the Secretary of Defense, the Joint Chiefs of Staff, and the individual Armed Forces.

(2) The joint requirements process and the requirements processes for each of the Armed Forces, including the establishment of measures of effectiveness and methods for resource allocation.

(3) The process and organizations responsible for doctrinal development, including the appropriate relationship between joint force and service doctrine and doctrinal development organizations.

(4) The current programs and organizations under the Office of the Secretary of Defense, the Joint Chiefs of Staff, and the Armed Forces devoted to innovation and experimentation related to a transformation in the conduct of war, including the appropriateness of—

(A) conducting joint field tests;

(B) establishing a separate unified command as a joint forces command to serve, as its sole function, as the trainer, provider, and developer of forces for joint operations and for conducting joint warfighting experimentation;

(C) establishing a separate Joint Concept Development Center to monitor exercises and develop measures of effectiveness, analytical concepts, models, and simulations appropriate for understanding the transformation in the conduct of war;

(D) establishing a Joint Battle Laboratory to conduct joint experimentation and to integrate the similar efforts of the Armed Forces; and

(E) establishing an Assistant Secretary of Defense responsible for transformation in the conduct of war.

(5) Joint training establishments and training establishments of the Armed Forces, including those devoted to professional military education, and the appropriateness of establishing national training centers.

(6) Other issues relating to a transformation in the conduct of war that the Secretary considers appropriate.

(d) REPORT.—The task force shall submit to the Secretary of Defense a report containing its assessments and recommendations not later than February 1, 1999. The Secretary shall submit the report to the Committee on National Security of the House of Representatives and the Committee on Armed Services of the Senate not later than March 1, 1999, together with the recommendations and comments of the Secretary of Defense. Subtitle C—Joint Warfighting Experimentation

10 USC 485 note. **SEC. 921. FINDINGS CONCERNING JOINT WARFIGHTING EXPERIMENTATION.**

Congress makes the following findings:

(1) The assessments of the Quadrennial Defense Review and the National Defense Panel provide a compelling argument—

(A) that the security environment in the early 21st century will include fundamentally different military challenges than the security environment in the late 20th century; and

(B) reinforce the premise of the Goldwater-Nichols Department of Defense Reorganization Act of 1986 that future warfare will require more effective joint operational concepts.

(2) Joint experimentation is necessary for—

(A) integrating advances in technology with changes in organizational structure and joint operational concepts; and

(B) determining the interdependent aspects of joint warfare that are key for transforming the conduct of military operations to meet future challenges successfully.

(3) It is essential that an energetic and innovative organization be established in the Department of Defense with the authority (subject to the authority and guidance of the Secretary of Defense and Chairman of the Joint Chiefs of Staff) to design and implement a process of joint experimentation to investigate and test technologies and alternative forces and concepts in field environments under realistic conditions

against the full range of future challenges to assist in developing and validating new joint warfighting concepts and transforming the Armed Forces to meet the threats to national security anticipated for the early 21st century.

SEC. 922. SENSE OF CONGRESS CONCERNING JOINT WARFIGHTING EXPERIMENTATION. 10 USC 485 note.

(a) **DESIGNATION OF COMMANDER TO HAVE JOINT WARFIGHTING EXPERIMENTATION MISSION.**—It is the sense of Congress that the initiative of the Secretary of Defense to designate the commander of a combatant command to have the mission of joint warfighting experimentation is a key step in exploiting the potential of advanced technologies, new organizational structures, and new joint operational concepts to transform the conduct of military operations by the Armed Forces.

(b) **RESOURCES AND AUTHORITY OF COMMANDER.**—It is, further, the sense of Congress that the commander of the combatant command referred to in subsection (a) should be provided with appropriate and sufficient resources for joint warfighting experimentation and with the appropriate authority to execute the commander's assigned responsibilities and that such authority should include the following:

(1) Planning, preparing, and conducting the program of joint warfighting experimentation, which program should include analyses, simulations, wargames, experiments, advanced concept technology demonstrations, joint exercises conducted in virtual and field environments, and, as a particularly critical aspect, assessments of "red team" vulnerability.

(2) Developing scenarios and measures of effectiveness to meet the operational challenges expected to be encountered in the early 21st century and assessing the effectiveness of current and new organizational structures, operational concepts, and technologies in addressing those challenges.

(3) Integrating and testing in joint experimentation the systems and concepts that result from warfighting experimentation conducted by the Armed Forces and the Defense Agencies.

(4) Coordinating with each of the Armed Forces and Defense Agencies regarding the development and acquisition of equipment (including surrogate or real technologies, platforms, and systems), supplies, and services necessary for joint experimentation.

(5) Providing the Secretary of Defense and the Chairman of the Joint Chiefs of Staff with recommendations, based on the conduct of joint warfighting experimentation, for—

(A) improving interoperability;

(B) reducing unnecessary redundancy;

(C) synchronizing technology fielding;

(D) developing joint operational concepts;

(E) prioritizing the most promising joint capabilities for future experimentation; and

(F) prioritizing joint requirements and acquisition programs.

(6) Making recommendations to the Chairman of the Joint Chiefs of Staff on mission needs statements and operational requirements documents.

(c) CONGRESSIONAL REVIEW.—It is, further, the sense of Congress that Congress—

(1) should review the adequacy of the process of transformation to meet future challenges to the national security; and

(2) if progress is determined inadequate, should consider legislation to—

(A) establish an appropriate organization to conduct the mission described in subsection (a); and

(B) provide to the commander given the responsibility for that mission appropriate and sufficient resources for joint warfighting experimentation and the appropriate authority to execute that commander's assigned responsibilities for that mission, including the authorities specified in subsection (b).

10 USC 485 note.

SEC. 923. REPORTS ON JOINT WARFIGHTING EXPERIMENTATION.

Deadline.

(a) INITIAL REPORT.—(1) The commander of the combatant command assigned by the Secretary of Defense to have the mission for joint warfighting experimentation shall submit to the Secretary an initial report on the implementation of joint experimentation. Not later than April 1, 1999, the Secretary shall submit that report, together with any comments that the Secretary considers appropriate and any comments that the Chairman of the Joint Chiefs of Staff considers appropriate, to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives.

(2) The report of the commander under paragraph (1) shall include the commander's assessment of the following:

(A) The authority and responsibilities of the commander as described in section 922(b).

(B) The organization of the commander's combatant command, and of its staff, for carrying out the joint warfighting experimentation mission.

(C) The process established for tasking forces to participate in experimentation and the commander's specific authority over those forces, including forces designated as joint experimentation forces.

(D) The resources provided for initial implementation of joint warfighting experimentation, the process for providing those resources to the commander, the categories of the funding, and the authority of the commander for budget execution.

(E) The process established for the development and acquisition of the materiel, supplies, services, and equipment necessary for the conduct of joint warfighting experimentation.

(F) The process established for designing, preparing, and conducting joint experiments.

Subtitle A—United States Armed Forces in Bosnia and Herzegovina

SEC. 1201. FINDINGS.

Congress makes the following findings:

(1) The contributions of the people of the United States and other nations have, in large measure, resulted in the suspension of fighting and alleviated the suffering of the people of Bosnia and Herzegovina since December 1995.

(2) The United States has expended approximately \$9,500,000,000 between 1992 and mid-1998 just in support

of the United States military operations in Bosnia to achieve those results.

(3) Efforts to restore the economy and political structure in Bosnia and Herzegovina have achieved some success in accordance with the Dayton Accords.

(4) On March 3, 1998, the President certified to Congress (A) that the continued presence of United States forces in Bosnia and Herzegovina after June 30, 1998, was required in order to meet the national security interests of the United States, and (B) that United States Armed Forces will not serve as, or be used as, civil police in Bosnia and Herzegovina.

(5) With that certification, the President submitted to Congress a report stating that the goal of the military presence in Bosnia and Herzegovina is to establish the conditions under which implementation of the Dayton Accords can continue without the support of a major NATO-led military force and setting forth the criteria for determining when that goal has been accomplished.

(6) Since the administration has not specified how long achievement of that goal is expected to take, the mission of United States ground combat forces in Bosnia and Herzegovina is essentially of indefinite duration.

(7) The NATO operations plan for the Stabilization Force (Operations Plan 10407, which went into effect on June 20, 1998, after approval by allied foreign ministers) incorporates all of the benchmarks set forth in the report referred to in paragraph (5) and states that the Stabilization Force will develop detailed criteria for assessing progress in achieving those benchmarks in close coordination with key international organizations participating in civilian implementation of the Dayton Accords.

(8) The military representatives of NATO member nations have been tasked by the North Atlantic Council to provide estimates of the time likely to be required for implementation of the Dayton Accords.

(9) NATO has decided to conduct formal reviews when appropriate (but at intervals of not more than 6 months) to assess the security situation and the progress being made in the implementation of the civil aspects of the Dayton Accords. Those reviews will enable the Alliance to make decisions as to reductions in the size of the Stabilization Force, leading to its eventual full withdrawal.

(10) NATO has approved the creation of a multinational specialized unit of gendarmes or paramilitary police composed of European security forces to help promote public security in Bosnia and Herzegovina as a part of the post-June 1998 mission for the Stabilization Force.

(11) The limit established for spending by the United States for the defense discretionary budget category for fiscal year 1998 in the Balanced Budget and Emergency Deficit Control Act of 1985 does not take into account the continued deployment of United States forces in Bosnia and Herzegovina after June 30, 1998, leading to the request by the President for emergency supplemental appropriations for the Bosnia and Herzegovina mission through September 30, 1998.

(12) Amounts for Department of Defense operations in Bosnia and Herzegovina during fiscal year 1999 were not

included in the budget of the President for fiscal year 1999, as submitted to Congress on February 2, 1998.

(13) The President requested \$1,858,600,000 in emergency appropriations in his March 4, 1998, amendment to the fiscal year 1999 budget to cover the shortfall in funding in fiscal year 1999 for the costs of extending the mission in Bosnia.

SEC. 1202. SENSE OF CONGRESS.

(a) **SENSE OF CONGRESS CONCERNING UNITED STATES FORCES AND ACCOMPLISHMENT OF TASKS IN BOSNIA AND HERZEGOVINA.**—It is the sense of Congress that—

(1) United States ground combat forces should not remain in Bosnia and Herzegovina indefinitely in view of the worldwide commitments of the Armed Forces of the United States;

(2) the President should work with NATO allies and the other nations whose military forces are participating in the NATO-led Stabilization Force to withdraw United States ground combat forces from Bosnia and Herzegovina within a reasonable period of time, consistent with the safety of those forces and the accomplishment of the Stabilization Force's military tasks;

(3) a NATO-led force without the participation of United States ground combat forces in Bosnia and Herzegovina might be suitable for a follow-on force for Bosnia and Herzegovina if the European Security and Defense Identity is not sufficiently developed or is otherwise considered inappropriate for such a mission; and

(4) the United States may decide to provide appropriate support to a Western European Union-led or NATO-led follow-on force for Bosnia and Herzegovina, including command and control, intelligence, logistics, and, if necessary, a ready reserve force in the region.

(b) **SENSE OF CONGRESS CONCERNING PRESIDENTIAL ACTIONS.**—It is the sense of Congress that the President—

(1) should inform the European NATO allies of the expression of the sense of Congress in subsection (a) and should strongly urge them to undertake preparations for establishing a Western European Union-led or a NATO-led force as a follow-on force to the Stabilization Force if needed to maintain peace and stability in Bosnia and Herzegovina; and

(2) should consult closely with the congressional leadership and the congressional defense committees with respect to the progress being made toward achieving a sustainable peace in Bosnia and Herzegovina and the progress being made toward a reduction and ultimate withdrawal of United States ground combat forces from Bosnia and Herzegovina.

(c) **SENSE OF CONGRESS CONCERNING DEFENSE BUDGET.**—It is the sense of Congress that—

(1) the President should include in the budget for the Department of Defense that the President submits to Congress under section 1105(a) of title 31, United States Code, for each fiscal year sufficient amounts to pay for any proposed continuation of the participation of United States forces in NATO operations in Bosnia and Herzegovina during that fiscal year; and

(2) amounts included in the budget for the purpose stated in paragraph (1) should be over and above the defense discretionary estimates as identified in the Bipartisan Budget Agreement of May 16, 1997 and the fiscal year 1998 concurrent budget resolution and not be transferred from amounts in the budget of any other agency of the executive branch, but instead should be an overall increase in the budget for the Department of Defense and the discretionary spending limits in the Balanced Budget Act of 1997.

SEC. 1203. PRESIDENTIAL REPORTS.

(a) **REQUIRED REPORTS.**—The President shall ensure that the semiannual reports required by section 7(b) of the general provisions of chapter I of the 1998 Supplemental Appropriations and Rescissions Act (Public Law 105-174; 112 Stat. 64) are submitted to Congress in a timely manner as long as United States ground combat forces continue to participate in the Stabilization Force (SFOR). In addition, whenever the President submits to Congress a request for funds for continued operations of United States forces in Bosnia and Herzegovina, the President shall submit a supplemental report providing information to update Congress on developments since the last semiannual report.

(b) **REQUIRED INFORMATION.**—In addition to the information required by the section referred to in subsection (a) to be included in a report under that section, each report under that section or under subsection (a) shall include the following:

(1) The expected duration of the deployment of United States ground combat forces in Bosnia and Herzegovina in support of implementation of the benchmarks set forth in the President's report of March 3, 1998 (referred to in section 1201(5)) for achieving a sustainable peace process.

(2) The percentage of those benchmarks that have been completed as of the date of the report, the percentage that are expected to be completed within the next reporting period, and the expected time for completion of the remaining tasks.

(3) The status of the NATO force of gendarmes or paramilitary police, including the mission of the force, the composition of the force, and the extent, if any, to which members of the Armed Forces of the United States are participating (or are to participate) in the force.

(4) The military and nonmilitary missions that the President has directed for United States forces in Bosnia and Herzegovina, including a specific discussion of—

(A) the mission of those forces, if any, in connection with the pursuit and apprehension of war criminals;

(B) the mission of those forces, if any, in connection with civilian police functions;

(C) the mission of those forces, if any, in connection with the resettlement of refugees; and

(D) the missions undertaken by those forces, if any, in support of international and local civilian authorities.

(5) An assessment of the risk for the United States forces in Bosnia and Herzegovina, including, for each mission identified pursuant to paragraph (4), the assessment of the Chairman of the Joint Chiefs of Staff regarding the nature and level of risk of the mission for the safety and well-being of United States military personnel.

(6) An assessment of the cost to the United States, by fiscal year, of carrying out the missions identified pursuant to paragraph (4) and a detailed projection of any additional funding that will be required by the Department of Defense to meet mission requirements for those operations for the remainder of the fiscal year.

(7) A joint assessment by the Secretary of Defense and the Secretary of State of the status of planning for—

(A) the assumption of all remaining military missions inside Bosnia and Herzegovina by European military and paramilitary forces; and

(B) the establishment and support of a forward-based United States rapid response force outside of Bosnia and Herzegovina that would be capable of deploying rapidly to defeat military threats to a European follow-on force inside Bosnia and Herzegovina and of providing whatever logistical, intelligence, and air support is needed to ensure that a European follow-on force is fully capable of accomplishing its missions under the Dayton Accords.

SEC. 1204. SECRETARY OF DEFENSE REPORTS ON OPERATIONS IN BOSNIA AND HERZEGOVINA.

(a) **REPORT ON EFFECTS ON CAPABILITIES OF UNITED STATES MILITARY FORCES.**—Not later than December 15, 1998, the Secretary of Defense shall submit to the congressional defense committees a report on the effects of military operations in Bosnia and Herzegovina and the Balkans region on the capabilities of United States military forces. Any such additional report shall be submitted within 30 days of the date on which the requirement to submit the report becomes effective under the preceding sentence.

Such information shall include information on the effects of those operations on anticipated deployment plans for major theater wars in Southwest Asia or on the Korean peninsula, including the following:

(a) **FINDINGS.**—Congress makes the following findings:

(1) On May 3, 1994, the President issued Presidential Decision Directive 25 declaring that American participation in United Nations and other peace operations would depend in part on whether the role of United States forces is tied to clear objectives and an endpoint for United States participation can be identified.

(2) Between that date and mid-1998, the President and other executive branch officials have obligated or requested appropriations of approximately \$9,400,000,000 for military-related operations throughout Bosnia and Herzegovina without providing to Congress, in conjunction with the budget submission for any fiscal year, a strategic plan for such operations under the criteria set forth in that Presidential Decision Directive.

(3) Between November 27, 1995, and mid-1998 the President has established three deadlines, since elapsed, for the termination of United States military-related operations throughout Bosnia and Herzegovina.

(4) On December 17, 1997, the President announced that United States ground combat forces would remain in Bosnia and Herzegovina for an unknown period of time.

(5) Approximately 47,880 United States military personnel (excluding personnel serving in units assigned to the Republic

of Korea) have participated in 14 international contingency operations between fiscal years 1991 and 1998.

(6) The 1998 posture statements of the Navy and Air Force included declarations that the pace of military operations over fiscal year 1997 adversely affected the readiness of non-deployed forces, personnel retention rates, and spare parts inventories of the Navy and Air Force.

(b) INFORMATION TO BE REPORTED WITH FUNDING REQUESTS.—Section 113 of title 10, United States Code, is amended by adding after subsection (l), as added by section 915, the following new subsection:

“(m) INFORMATION TO ACCOMPANY FUNDING REQUEST FOR CONTINGENCY OPERATION.—Whenever the President submits to Congress a request for appropriations for costs associated with a contingency operation that involves, or likely will involve, the deployment of more than 500 members of the armed forces, the Secretary of Defense shall submit to Congress a report on the objectives of the operation. The report shall include a discussion of the following:

“(1) What clear and distinct objectives guide the activities of United States forces in the operation.

“(2) What the President has identified on the basis of those objectives as the date, or the set of conditions, that defines the endpoint of the operation.”.

Section 1302 of the National Defense Authorization Act for Fiscal Year 1998 (Public Law 105–85; 111 Stat. 1948) is amended—

- (1) in subsections (a), (b), and (c)(2), by striking out “during fiscal year 1998” and inserting in lieu thereof “during the strategic delivery systems retirement limitation period”;

In considering improvements to propose, the Secretary shall assess the feasibility and desirability of establishing a direct communications link between the commanders of appropriate United States unified and specified commands, including the United States Space Command and the United States Strategic Command, and their Russian counterparts.

SEC. 1504. RUSSIAN NONSTRATEGIC NUCLEAR WEAPONS.

(a) **FINDINGS.**—The Congress makes the following findings:

(1) The 7,000 to 12,000 or more nonstrategic (or “tactical”) nuclear weapons estimated by the United States Strategic Command to be in the Russian arsenal may present the greatest threat of sale or theft of a nuclear warhead in the world today.

(2) As the number of deployed strategic warheads in the Russian and United States arsenals declines to just a few thousand under the START accords, Russia’s vast superiority in tactical nuclear warheads—many of which have yields equivalent to strategic nuclear weapons—could become strategically destabilizing.

(3) While the United States has unilaterally reduced its inventory of tactical nuclear weapons by nearly 90 percent since the end of the Cold War, Russia is behind schedule in implementing the steep tactical nuclear arms reductions pledged by former Soviet President Gorbachev in 1991 and Russian President Yeltsin in 1992, perpetuating the dangers from Russia’s tactical nuclear stockpile.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that the President should call on Russia to expedite reduction of its tactical nuclear arsenal in accordance with the promises made in 1991 and 1992.

(c) **REPORT.**—Not later than March 15, 1999, the Secretary of Defense shall submit to Congress a report on the nonstrategic nuclear weapons of Russia. The report shall include—

(1) estimates regarding the current numbers, types, yields, viability, and locations of those weapons;

(2) an assessment of the strategic implications of Russia’s nonstrategic arsenal, including the potential use of those weapons in a strategic role or the use of their components in strategic

nuclear systems and the potential of Russian superiority in tactical nuclear weapons to destabilize the overall nuclear balance as strategic nuclear weapons are sharply reduced under the START accords;

(3) an assessment of the extent of the current threat of theft, sale, or unauthorized use of the warheads of those weapons, including an analysis of Russian command and control as it concerns the use of tactical nuclear weapons;

(4) a summary of past, current, and planned efforts to work cooperatively with Russia to account for, secure, and reduce Russia's stockpile of tactical nuclear weapons and associated fissile material;

(5) a summary of how the United States would prevent, or plans to cope militarily with, scenarios in which a deterioration in relations with Moscow causes Russia to redeploy tactical nuclear weapons or in which Russia threatens to employ, or actually employs, tactical nuclear weapons in a local or regional conflict involving the United States or allies of the United States; and

(6) an assessment of the steps that could be taken by the United States to enhance military preparedness in order (A) to deter any potential attempt by Russia to possibly exploit its advantage in tactical nuclear weapons through coercive "nuclear diplomacy" or on the battlefield, or (B) to counter Russia if Russia should make such an attempt to exploit its advantage in tactical nuclear weapons.

(d) **IEWS.**—The Secretary of Defense shall include in the report under subsection (c) the views of the Director of Central Intelligence and of the commander of the United States Strategic Command.

Subtitle B—Satellite Export Controls

SEC. 1511. SENSE OF CONGRESS.

22 USC 2778
note.

It is the sense of Congress that—

(1) United States business interests must not be placed above United States national security interests;

(2) United States foreign policy and the policies of the United States regarding commercial relations with other countries should affirm the importance of observing and adhering to the Missile Technology Control Regime (MTCR);

(3) the United States should encourage universal observance of the Guidelines to the Missile Technology Control Regime;

(4) the exportation or transfer of advanced communication satellites and related technologies from United States sources to foreign recipients should not increase the risks to the national security of the United States;

(5) due to the military sensitivity of the technologies involved, it is in the national security interests of the United States that United States satellites and related items be subject to the same export controls that apply under United States law and practices to munitions;

(6) the United States should not issue any blanket waiver of the suspensions contained in section 902 of the Foreign Relations Authorization Act, Fiscal Years 1990 and 1991 (Public Law 101-246), regarding the export of satellites of United

States origin intended for launch from a launch vehicle owned by the People's Republic of China;

(7) the United States should pursue policies that protect and enhance the United States space launch industry; and

(8) the United States should not export to the People's Republic of China missile equipment or technology that would improve the missile or space launch capabilities of the People's Republic of China.

22 USC 2778
note.

SEC. 1512. CERTIFICATION OF EXPORTS OF MISSILE EQUIPMENT OR TECHNOLOGY TO CHINA.

The President shall certify to the Congress at least 15 days in advance of any export to the People's Republic of China of missile equipment or technology (as defined in section 74 of the Arms Export Control Act (22 U.S.C. 2797c)) that—

(1) such export is not detrimental to the United States space launch industry; and

(2) the missile equipment or technology, including any indirect technical benefit that could be derived from such export, will not measurably improve the missile or space launch capabilities of the People's Republic of China.

22 USC 2778
note.

(a) CONTROL OF SATELLITES ON THE UNITED STATES MUNITIONS LIST.—Notwithstanding any other provision of law, all satellites and related items that are on the Commerce Control List of dual-use items in the Export Administration Regulations (15 CFR part 730 et seq.) on the date of the enactment of this Act shall be transferred to the United States Munitions List and controlled under section 38 of the Arms Export Control Act (22 U.S.C. 2778).

(A) by striking out “\$700,000” and inserting in lieu thereof “100 percent”; and

(B) by striking out “(a) DEFENSE TRADE CONTROLS REGISTRATION FEES.—”; and

(2) by striking out subsection (b).

(c) EFFECTIVE DATE.—(1) Subsection (a) shall take effect on March 15, 1999, and shall not apply to any export license issued before such effective date or to any export license application made under the Export Administration Regulations before such effective date.

(2) The amendments made by subsection (b) shall be effective as of October 1, 1998.

(d) REPORT.—Not later than January 1, 1999, the Secretary of State, in consultation with the Secretary of Defense and the Secretary of Commerce, shall submit to Congress a report containing—

(1) a detailed description of the plans of the Department of State to implement the requirements of this section, including any organizational changes that are required and any Executive orders or regulations that may be required;

(2) an identification and explanation of any steps that should be taken to improve the license review process for

exports of the satellites and related items described in subsection (a), including measures to shorten the timelines for license application reviews, and any measures relating to the transparency of the license review process and dispute resolution procedures;

(3) an evaluation of the adequacy of resources available to the Department of State, including fiscal and personnel resources, to carry out the additional activities required by this section; and

(4) any recommendations for additional actions, including possible legislation, to improve the export licensing process under the Arms Export Control Act for the satellites and related items described in subsection (a).

SEC. 1514. NATIONAL SECURITY CONTROLS ON SATELLITE EXPORT LICENSING.

22 USC 2778
note.

(a) **ACTIONS BY THE PRESIDENT.**—Notwithstanding any other provision of law, the President shall take such actions as are necessary to implement the following requirements for improving national security controls in the export licensing of satellites and related items:

(1) **MANDATORY TECHNOLOGY CONTROL PLANS.**—All export licenses shall require a technology transfer control plan approved by the Secretary of Defense and an encryption technology transfer control plan approved by the Director of the National Security Agency.

(2) **MANDATORY MONITORS AND REIMBURSEMENT.**—

(A) **MONITORING OF PROPOSED FOREIGN LAUNCH OF SATELLITES.**—In any case in which a license is approved for the export of a satellite or related items for launch in a foreign country, the Secretary of Defense shall monitor all aspects of the launch in order to ensure that no unauthorized transfer of technology occurs, including technical assistance and technical data. The costs of such monitoring services shall be fully reimbursed to the Department of Defense by the person or entity receiving such services. All reimbursements received under this subparagraph shall be credited to current appropriations available for the payment of the costs incurred in providing such services.
