

program, a family policy, and a law enforcement policy, and a commitment to rescuing our kids that will permit us to do that, we will not have the security we need to lead the world and to face the future. I believe that we are on the road to changing this country. I know what I saw on September the 13th, when Arafat and Rabin shook hands, was an instant, shocking realization all across the world that things we never thought possible were, in fact, possible.

And I ask you to help me now liberate the imagination and the spirit, and the energy of the American people for the jobs that we have yet to do at home and abroad, because those things can also be done.

Thank you, and God bless you all.

In his remarks, he referred to David Wilhelm, chairman of the Democratic National Committee; Norman Brownstein, an attorney and Democratic fundraiser from Denver, CO; Wilhelmena Holladay, president, National Museum of Women in the Arts and her husband, Wallace Holladay.

**Statement on Signing the
Agriculture, Rural Development,
Food and Drug Administration, and
Related Agencies Appropriations
Act, 1994**

October 21, 1993

Today I have signed into law H.R. 2493, the "Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1994."

The bill makes a significant shift in priorities by funding \$745 million of my investment proposals, including full funding of the investment proposals for the Food Safety and Inspection initiative and for the Food and Drug Administration.

The Congress has also adopted my goal to phase in full funding for the Special Supplemental Food Program for Women, Infants and Children (WIC). This bill provides \$3.2 billion for WIC, an increase of 12 percent over FY 1993.

The bill includes significant funding for my Rural Development initiative, which will provide grants, direct loans, and loan guarantees

for rural residents, communities, and businesses, as well as for inducements to promote economic development.

I commend the Congress for making further progress toward reform of price-support programs for honey, wool, and mohair as recommended by the National Performance Review. The bill suspends honey subsidy payments for the 1994 crop of honey; however, payments on the 1993 honey crop will be made in FY 1994.

I am pleased that the removal of employment floors will facilitate my objective of reducing Federal employment.

**Message to the Congress
Transmitting the Tax Convention
With the Slovak Republic**

October 21, 1993

To the Senate of the United States:

I transmit herewith for Senate advice and consent to ratification the Convention Between the United States of America and the Slovak Republic for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with Respect to Taxes on Income and Capital, signed at Bratislava on October 8, 1993. Also transmitted for the information of the Senate is the report of the Department of State with respect to the Convention.

The Convention will be the first income tax convention between the two countries. It is intended it reduce the distortions (double taxation or excessive taxation) that can arise when two countries tax the same income. It will modernize tax relations between the two countries and will facilitate greater private sector U.S. investment in the Slovak Republic.

I recommend that the Senate give early and favorable consideration to the Convention and give its advice and consent to ratification.

**Statement on Signing the
Departments of Labor, Health and
Human Services, and Education, and
Related Agencies Appropriations
Act, 1994**

October 21, 1993

Today I have signed into law H.R. 2518, the "Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1994."

This Act provides funding for the Departments of Labor, Health and Human Services, and Education, the Corporation for Public Broadcasting, and several smaller agencies. Programs within these agencies address the training and employment needs of our Nation's work force, the Federal role in our education system, and fundamental elements of our health care network.

This Act provides funding for a number of my high-priority investment proposals within the Departments of Labor, Health and Human Services (HHS), and Education. These include the Head Start program, Goals 2000 program, School-to-Work program, Immunization grants, and the National Institutes of Health.

The Act provides funding for investment initiatives for automation and disability processing within the Social Security Administration (SSA). This will help SSA improve the quality of service to millions of Americans.

I am pleased that the Act provides a large increase in funding for programs authorized under the Ryan White CARE Act. Programs authorized under this Act represent major steps forward in the battle against the AIDS epidemic.

**Statement on Signing the Continuing
Appropriations Resolution**

October 21, 1993

Today I have signed into law H.J. Res. 281, a Continuing Resolution that funds the operations of the Federal Government during October 22-28, 1993.

A Continuing Resolution is necessary at this time in order to keep the Government functioning while the Congress completes the appropriations process.

I commend the Congress for presenting me with a funding measure that provides for a simple, temporary extension of normal government operations and is free of extraneous amendments. I urge the Congress to complete the regular appropriations process by October 28th so that an additional Continuing Resolution can be avoided.

NAFTA

The President. Ladies and gentlemen, just let me make one opening remark, and I'll answer a couple of questions. I want to thank Mr. Michel for once again bringing a group of Republicans in—that he and Mr. Gingrich have arranged for some first-term Republicans to come in and meet with me and Ambassador Kantor and Mr. Frenzel and Mr. Daley. And we're glad to have a chance to discuss NAFTA.

This has been a hard week for us, a hard working week. I have made several congressional meetings, and of course we had the great products fair with Mr. Iacocca. We're trying to work out some of the practical details now on how to deal with the reduction
